Join the community of passionate experts from all around the world to make the extraordinary project Habibi.Works happen.

WHAT WE DO

Habibi.Works is an intercultural makerspace which brings refugees, locals and international experts together and acts as a platform for education, empowerment and social encounters. In concrete terms, Habibi.Works is a 700m² space, consisting of 10 different working areas in which people create, learn, teach and meet. Habibi.Works was founded by the German NGO Soup and Socks e.V.

WHERE WE DO IT

Habibi.Works is in close proximity to the refugee camp of Katsikas, which currently hosts over 1000 men, women and children. Around 3800 refugees and asylum seekers live in the region of Epirus, most of them without access to education, psychological support, the labor market, dignified living conditions or opportunities for integration into the Greek society. The platforms of Habibi.Works are open for people living in the different refugee camps and for members of the local Greek community.

HOW WE DO IT

In Habibi.Works, team members work at eye level with users of the space - or 'makers' - and support them to create solutions themselves. Each person is encouraged to share their skills and expertise. Habibi.Works is a living example of the values we would like to see in our societies: respect, solidarity, equality.
