Muwakhat talks

We proudly share the achievement of Muwakhat Foundation for the poor community, especially women, girls and children with the purpose of lasting change and it became possible with collective action of members, board, management and non members who care about community's development.

Last year, management, board members and feedback of community primarily focused on consolidation of program to make sustainable organization to serve on long term for help to break poverty trap, come out from isolated environment to integrated system and bring lasting prosperity in life of poor households.

After improved financial health of the organization by transferring soft loans of members and non members to donation with objective to adjust all cumulative losses, management and board members focused on building a positive image of organization. It is a three years strategy for sustaining organization.

This year new members joined the board and old members resigned after completion of three years. Muwakhat Foundation thanks all members who added values through their expertise during their period. New chairperson has vast experience of microfinance, adult literacy and health which is aligning with current programs of organization and her vision to take it to the next level.

Another achievement, Muwakhat Foundation got three badges from GlobalGiving (international online fundraising organization).

Demonstrated high level of engagement with GlobalGiving and got ranked 682 out of 5,496 non profit partners

Global Giving vetted by rigorous due diligence process

GlobalGiving recognized Muwakhat Foundation on efforts to learn, improve and grow impact

During six years of operations, our primary focus is to improve the quality of life of vulnerable groups, especially women, children and old citizens and offer services with a holistic approach. It includes food, health, education, interest free loan, qard-e-hasna.

The Muwakhat Foundation has begun free legal aid services for women in Multan and Lahore cities with support of SJ Law Firm. In addition, various awareness sessions conducted on basic law and in 24 months, 625 women and girls were benefit.

EDUCATION PROGRAM

Muwakhat Foundation is a primary working for Girls education. It includes awareness sessions for parents and community on the importance of “educating a girl”. Muwakhat Foundation is the only organization working on 4 tiers or level for support girls age from 4 to above for academic, professional and health,

Level/Tier1: Primary education for girls and boys provide holistic approach education for development of mind, body and character.

Level/Tier 2: Dropout girls send back to school for secondary education. In Pakistan, the dropout school rate of girls is very high especially after completion of primary education. This program gives awareness sessions with parents and financial support for school fees.

Level/Tier3: Life Changing Program for girls who complete their secondary school and do not know where to go in life. This program helps to set vision of life, direction for professional education and career.

Level/Tier4: Girls who complete secondary school or “A” levels and are willing to further study in or out of Pakistan. Muwakhat Foundation helps for university expenses including fees, books, accommodation and travel

Long Term Impact:

Every Girl in school and become investment instead of liability

TIER/LEVEL 1

Educate rural children to break poverty trap

Muwakhat Foundation provides quality education to rural children in Pakistan who cannot access or afford it. The selected schools adopt a holistic approach for education, help them to come out from personality problems, make their healthy mind and strong body for a bright future.

Challenge

Out of every 10 Pakistanis, four are without the basic needs of life, which includes food, shelter, education and healthcare. Literacy rate is 36% in rural areas in 2015-16 and in some areas female literacy rate lowered to 16% because children in rural areas have been denied access to proper education with schools lacking basic facilities, teachers being unmotivated and frequently absent.

Solution

Quality Education helps rural children to break the poverty trap. Muwakhat Foundation selected 12 community schools and introduced holistic approach in education providing quality infrastructure, easy and joyful learning materials, computers, English language program, physical and mind development through sports, yoga & nutritious noon meals. The schools actively promote girls education. provide dry ration on monthly basis & donate three goats to each family for milk and malnourished.

Long-Term Impact

Rural children become assets of community rather than liability. They break the poverty trap through education and skills training. Increase literacy rate in selected areas.

TIER/LEVEL 2

Dropout 500 Girls Back to High School in Pakistan

Pakistan has one of the lowest literacy rates in the world. Women are 51% of the total country population and their literacy rate is alarming especially in rural areas due to social and cultural obstacles. Of Every 100 girls in rural Pakistan, only 18 will reach the 8th grade, only 1 complete high school. In three years, Muwakhat Foundation sends 30,000 dropout girls to high school after counseling their parents and overcoming obstacles. Result with collective effort, we can change their world

Challenge

According to statistics, overall women literacy rate is 41% and in rural areas literacy rate is 16%. An uneducated girl, risk high rate of maternal and child mortality will likely marry before her 15th birthday. She may never know her human basic rights. Parents feel spending on education for girls is a poor investment. Owing to all these circumstances, women have lost their employment and they are unaware about this fact that they can also play an important role in the development of the country.

Solution

Educating a girl is our joint responsibility. Muwakhat foundation's goal is "Education and food for every girl" Muwakhat Foundation will do counseling of parents for send back dropout girls from high school. Once parents agreed to allow her to get an education, she will receive benefits on rejoin school for education i.e One time school admission fee, books, and uniform Monthly school fees Monthly pick & drop car rent because parents did not send girls to faraway high school.

Long-Term Impact

Muwakhat Foundation is promoting girl education with a believe "if we educate a girl, she will change the world"

TIER/LEVEL 3

LIFE CHANGING PROGRAM FOR GIRLS

Summary

Every Pakistani girl who dreams for education is Malala! First Time in Pakistan developed a life changing program for girls to help believe in themselves, set vision of life, focus on education, dream about career and achieve with clear direction and support. This 8 week program includes remove fear, lack of confidence, influence of community, low performance in study and will know vision of life with goal setting. At the end of the program, a girl is able to believe that she is an asset not a liability.

Challenge

In Pakistan, every girl brought up with the thought that she is a liability for parents instead of investment. She cannot dream for Education, professional life, feel equal with boys, respect in community as Girl, student, colleague, Mother, sister, go Abroad to get higher education, set vision of life without influence of community and culture norms Lack of gender equality, preference to boys result: 16% literacy rate, High dropout rate from school, Early marriages, poor health.

Solution

Muwakhat Foundation develop 8 weeks life changing program for girls age from 14 to 26 help to remove all fears, negative thoughts and lack of confidence believe, we are asset not liability clear about gender equality know importance of girl education set vision of life and set goals set professional carrier Result: After attended 8 week Life Changing Program, every participant will know "she is asset not a liability" and she able to compete with world to achieve her dream.

Long-Term Impact

Every girl is in school, low rate of early marriage and she become asset instead liability

TIER/LEVEL 3

Support every year 20 Girls' dream for Professional Education

Summary

Our project aims to provide scholarship to youth girls to help pursue their educational goals and achieve their higher education dreams. Scholarships will be available for only girls who completed secondary school and are willing to get higher or professional education from abroad.

Challenge

In Pakistan, women are facing barriers for higher and professional education, because of not only inadequate financial support but also traditional thinking that women do not need a professional degree to become engineer, doctor or scientist etc. Study shows that when educational opportunity and resources are limited, women are less likely to get them. We want to change this situation by raising scholarship funds for higher and professional education for female students.

Solution

Every year foundation selected 20 girls who passed secondary education, talented and willing to get professional education from abroad. Foundation helps to send their application for admission to related universities abroad. Scholarship covers fees, boarding, lodging, travelling, food and books for four years.

Long-Term Impact

The project can fully fund 100 female students for financial support by covering 100% of costs related to higher education, allowing them to focus on their studies, follow their dreams, and achieve positive social change. Funding women's higher education has a multiplier effect on improving the development of their communities and countries as a whole. Together, we can give women the opportunity to achieve and the future to create change in honor of whole world.

FREE LEGAL AID & AWARENESS PROGRAM FOR WOMEN

Muwakhat Foundation is a non-profit organisation working in Lahore, Gujranwala and Kasur District since July 2013 to uplift and support women of poor communities. In early 2016, free legal Aid and awareness program started with following objectives:

- Free legal aids to victim (women & children)
- Awareness on basic legal laws especially domestic violence, benefits of registered marriage contract, rights of women in property etc
- Training of young female lawyers belong to poor family as trainer for conduct awareness sessions and assist in free legal cases

Muwakhat Foundation did MOU with legal Firm “SJ Law Firm” to meet the above objectives. This law firm has 32 years experience for providing free legal aid in Lahore and Multan Court to very poor accused, especially poor ladies and children who could not engage lawyers.

Since May 2016, Muwakhat Foundation provided free legal Aid to eight women victims and four awareness sessions on basic legal rights to women and girls. (ref: page 3 and 4 Muwakhat Nama Feb 2017)

UPLIFT LIFE OF HOMELESS FAMILIES PROGRAM

(show love and care)

FOOD & EDUCATION FOR HOMELESS CHILDREN

43,000 poor Gypsy families (homeless) live in Lahore, Punjab's largest city, half of them women. They are the most neglected vulnerable group in Pakistan who lack basic needs of life. Muwakhat Foundation selected 500 families to support for three years by giving food, clothes, health facilities, education for children, clean water and finance for startup business. Results with collective effort, they come out from poverty and live respectable lives.

Challenge

According to statistics, there are over seven million gypsies living in Pakistan. Most are day labourers, garbage collectors, sanitary workers, dancers, or beggars. They remain deprived of basic rights despite being Pakistani citizens. The gypsy community lives below the poverty line, in severely unhygienic conditions. Among the host of problems facing the gypsy community is the severe alienation, malnutrition, early marriages and ignorance regarding health issues.

Solution

Muwakhat Foundation has been helping vulnerable groups since 2013 by giving food , new or used clothes, free health services and clean water. We believe that a collective effort to address the issues affecting the lives of more than seven million Pakistanis, it is possible for the gypsy community to be brought back to safety, and into the fold of society. We selected 500 gypsy families to help come out from poverty trap by providing basic needs and financial for business.

Long-Term Impact

It helps to reduce long term vulnerability and live a respectable life as citizen of Pakistan.

Rehabilitate & Rescue 300 street children

Challenge

Muwakhat Foundation has been working with street children since July 2016. During the need assessment survey, a question was asked to 45 children about their dream of the future. The result was eye opener only three children out of 45 children able to share their dream and remaining were not had any idea about their future. Children and women are 100% illiterate.

Solution

Rehabilitation and Pre-school center filled with toys, games, fun activities, sports, offers a hot meal for street children to provide a safe environment, help to see dreams of their better life, overcome malnourished and go to regular school.

Long-Term Impact

The street children will have the opportunity to develop life goals and to have a better future ahead of them. They will be the worthy and productive citizens of their community.

ACTIVITY: New clothes on Eid for 200 children in Pakistan

Summary
