NPO: 231-490

New Project - It Takes a Village to Raise A Child

As we are facing difficult times due to the Coronavirus pandemic it has become clear that there are uncertainties on how the schooling years will affect children from unprivileged communities. These children come from different income backgrounds. Some can't even afford to attend school or receive food on a daily basis due to financial challenges. The lack of education and poor nutrition can affect a child's development significantly.

According to UNICEF, 1 in 6 children live in poverty and 13% receive early childhood education. This project will aid in creating a healthy and educational environment for our beneficiaries. It will help in decreasing poverty and lack of education by proving nutritious warm meals, food parcels, school uniforms, stationery, and basic essentials. We believe that a child who is well fed has a high rate of learning better. Education is important in eliminating poverty.

As education it's essential, it is then important to give children the power to empower themselves by learning to read and write. This will create a strong form of a proper foundation in eliminating poverty. The potential long-term impact of this project is to help these children not to live in poverty as adults.

Budget

Necessities	Amounts
Warm Meals	\$4750
Food Parcels	\$4000
Basic Essentials	\$2550
School Stationary	\$2500
School Uniform	\$7200
Agriculture start up equipment	\$4000
Total	\$25 000

About us

Legion Events NPO was founded in 2019 July. It is established and dedicated in working with vulnerable children and young adults in disadvantaged communities to develop their up bring. We believe in the necessity of transformation from early childhood in order to prevent and decrease poverty. Therefore through our implemented services we strive to make a difference daily.

Our Mission

To work together with other organization serving the purpose of humanity and kindness. Helping our children in ways we can such as providing warm meals, basic essentials and educational skills. We also implement the use of arts and culture to provide the children with after school activities.

Our vision

To create a safe educational environment for children.

Services

Education and Arts and Culture

By implement the use of arts and culture in children's lives helps to increase child development, self-confidence, social development and assurance. We empower children to grow in to positive aspects of themselves giving them the freedom to express who there are through arts and culture.

Soup Kitchens and Food Drive Campaigns

We providing warm nutritious meals across our communities with a mindset of reaching children that are in need of basic essentials. This allows us to provide food parcels to them and their families to ease the burden of poverty. There is no success on an empty stomach.

Young Life-Hood

We provide young adults with the skills and training to equipt themselves for better adulthood stages they are about to face in their lives. This include self-love programs, financial programs and business advice-programs.

Same of our Previous Projects / Our Campaigns

- **Vuselela Ulwazi Lwakho Center (Mandela day 2019)**

We took part in an outreach project hosted by HoyoHoyo Hotel and Resort at Diepsloot Community, at Vuselela Ulwazi Lwakho Drop-In Centre (VULDIC) is an HIV/AIDS wellness service centre. Which is an initiative of a professional nurse, Sr. Cecilia S. Sato popularly known as "MmaSato" since May of 2000. The wellness center provides help for adults and children, however on Madela Day of 2019 the main focus was on the childreOn the 18 July 2019 over 300 children were feed and the building wall got painted? Thank you to HoyoHoyo Hotel & Resort for inviting us to take part in making the difference in these children's lives. We thank Mme, MmaSato for welcoming us in to her home.

- **Food Parcels (Coronavirus pandemic 2020)**

The effects of the Coronavirus pandemic are so great that experts predict the world will take a while to recover.

As our country is facing this pandemic of Covid-19. Legion Events has taken part in helping people who are in need of basic essentials by providing food parcels. Our main focus is to help

the household of kids that are in extreme poverty by supplying their families with basic essential needs.

Lots of people have been negatively affected, and will need a helping hand for ages to come. With the country put under lockdown, many people couldn't make ends meet and Legion Events Enterprise took it upon ourselves to provide for the needy.

Since the lockdown measures came into effect in late March, Legion Events has provided basic needs to various areas of Gauteng. We have given out food parcels and necessities to residents of Diepsloot, Kya Sands, Hammanskraal and Bramley, amongst others.

Our mission is still far from over, as we look to continue reaching out to more people who have been greatly affected by this pandemic. We couldn't do this all by ourselves, but with your helping in donations we made it possible. We are hoping for your help even more going forward.

- **Back to School Initiative 2021**

We distributed 60 stationary packs to disadvantage children to Rabasoto Combined School in Diepsloot and Blair Atholl Primary School in Lanseria area. The aim for this project was to help not just the children but the parents/ guardians of them to ease the burden of financial crises caused by the Corona virus Pandemic. It is important that children have all the right and necessary tools to help them get the education they need.

We are hoping to be able to initiate this project out twice every year as there is a huge number of children that leave in this unfortunate circumstances.

Our mission and Vision doesn't not end here. It carries on as long as we are willing to put on the work and maintain be kind to the world.

Thank you
