Feeding Children With Disabilities - Tanzania
By Sister Elizabeth Swai - Barbara Bravo

Ana eating bread for the breakfast.

We have been working with GlobalGiving since December 2021 to improve the lives of our children at Mama Kevina Hope Centre through giving to them a balance diet. Due to the lack of rains and the lack of support because of Covid-19 we are still struggling to get enough food, Therefore, we decided to start this project on GlobalGiving. *Our main challenge: get food and provide a balance diet to our children.*

Thanks to this campaign ***we have collected $6,509.37*** that helped our children a lot. With this amount we have been able to ***cover the expenses almost of 4,57 months*** of feeding our children (Expenses for one month: 1.424$). With this amount we can feed almost 14 of our 37 resident children for a year.

We have bought:

35 sacs of corn: 1,113$

20 sacs of beans: 1,360$

5 jug of oil: 150$

5 sac of sugar: 340$

5 sac of flour for porridge: 340$

300 kilos of fish: 328,92$

100 kilos of meat: 271,19$

48 chickens: 326$

12 sacs of rice: 546$

10 sac of flour for cooking (Ugali, bread...): 160$

100 kilos of vegetables: 568$

504 kilos of fruits: 570,53$

8 kilos of salt: 5,6$

20 kilos of soluble cocoa: 25$

30 trays of 24 eggs: 405$

TOTAL: 6,509,23 $

Once again we want to give thanks to everyone who have helped us! www.mamakevinhopecentre.org

Our children having dinner at the dining of Mama Kevina Hope Centre.

Bárbara, our volunteer, with Theresia and Deborah on the mountains. They love playing and doing sports.

Sister Elizabeth feeding our little baby: Florence.
