

ACTIVITIES PERFORMED EFFECTIVE DURING THE YEAR 2025 BY SANURIRO BATWA COMMUNITY

Prepared by: Alex Byomugabe & Winton Kiiza, Project leaders

Submitted to: Global Giving

About the project: The Sanuriro Batwa Community aims at empowering, training, educating the voiceless, marginalised, and forgotten forest dwellers in Agriculture, Income generation, Health, Education, Community development to mention but a few for better community livelihoods. The project mainly focuses on supporting and advocating for the welfare of the Batwa who were displaced from Bwindi Impenetrable National park so as to conserve the Bwindi forest ecosystem. Further still, the other focus is to alleviate poverty in its many forms.

General Objectives of the project

1. To transform the lives of indigenous Batwa/pygmies through training and building different skills for self-reliance.
2. To train, educate, and publicise the Batwa/pygmies about the conservation of Bwindi forest ecosystem.
3. To train the Batwa/pygmies in agriculture for food security for a sustainable living.
4. To empower and promote education among the Batwa/pygmies so as to eradicate illiteracy.

OBJECTIVES	ACTIVITIES	ACTIVITY DONE	OUTCOME	COMMENT
<p>To transform the lives of the Batwa through training different skills for self-reliance</p> <p>To train, educate ,and public the Batwa about the conservation of Bwindi forest ecosystem</p>	<p>(a) To train and educate Batwa men, women, and children in different skills</p> <p>(b) To train the Batwa in fitness and wellness</p> <p>a) To plant indigenous trees</p> <p>(b) To learn how to co-exist with the community</p>	<p>-Trained 80 Batwa (men, women & children) who actively participated, appreciated, and developed different skills.</p> <p>-Received a footkit from KitAid-UK</p> <p>-60 Batwa were able to appreciate the indigenous tree planting concept.</p> <p>-Trained Batwa how to plant trees to conserve the environment.</p>	<p>-Transformed their lives and expect them to make sales and earn a living for their families.</p> <p>-The Batwa are gaining skills thus improving their fitness.</p> <p>-The Batwa learnt that planting trees is one way of conserving the environment.</p> <p>-Appreciated how to prepare the nursery beds .</p> <p>-The Batwa learnt and appreciated how to transplant seedlings into the main garden.</p> <p>-Appreciated how to grow</p>	<p>Batwa incomes are expected to be improved to have stable incomes.</p> <p>Batwa expected to improve on their physical fitness & wellness.</p> <p>The activity was successfully accomplished</p> <p>The activity was achieved and more will also learn and appreciate the aspects of biodiversity and ecosystem</p>
