NARRATIVE PROGRAM REPORT: ASI NO JUGAMOS- DETECTION PREVENTION AND ATTENTION OF CHILD SEXUAL ABUSE

MARCH 2024

STRENGTHENING NETWORKS IN 2024!

We kick off the year with joy as we welcome a new team member: Nayely Sánchez, who brings over 8 years of experience in preventing and responding to child sexual abuse.

We also celebrate our partnership with Sertull, which will allow us to work in four preschools in Malinalco. We will be conducting prevention workshops with the girls and boys, their mothers, fathers, and teachers. Expect more progress in our next report!

And we continue to provide psychological support to girls and boys who are victims of child sexual abuse in Malinalco. Four new cases were integrated during this period.

Furthermore, our activity continues. In Malinalco, we are still strengthening our Network of Spokeswomen, women from the community who are being trained with us to tackle this issue locally. With them, we have been implementing awareness activities with girls, boys, adolescents, and caregivers in the municipal center.

And, as we have shared in previous reports, thanks to your support, we are reaching other states and municipalities in the country. During this period, we were in Tzimol, Chiapas, where we trained 42 people from 11 organizations and five schools with our Kit for conducting prevention workshops with girls and boys. We are delighted to think that all the knowledge being generated in Malinalco can impact the childhoods of other places.

Thank you for your generous donation which has allowed us to achieve so many objectives to detect, prevent and combat child sexual abuse in Malinalco!
