PROGRESS REPORT ON THE PROGRAM FOR DETECTION, PREVENTION AND ATTENTION OF CHILD SEXUAL ABUSE IN MALINALCO, MEXICO

WHAT WE'VE BEEN WORKING ON:

1. EARLY CHILDHOOD TOOLKIT DESIGN FOR THE PREVENTION, DETECTION AND RESPONSE TO SEXUAL ABUSE

We have been working, advised by experts on the subject, to design content and teaching materials for the prevention, detection and response to sexual abuse of 5 and 6 year old children. The result is a complete resume with activities. The design of the measuring instruments and teaching materials is still pending, which is scheduled for this and next month.

2. AWARENESS RAISING FOR THE PREVENTION OF SEXUAL VIOLENCE IN KINDERGARTENS AND PRESCHOOLS

Awareness talks were given to caregivers in 4 preschool schools, with this, in these months we have benefited a total of 240 girls and boys, who are now surrounded by adults with more capabilities to prevent, detect and respond appropriately to child sexual abuse.

COMMUNITY COMMUNICATION

We continued our community communication campaign to prevent sexual abuse in Malinalco. We created a mural in the primary and secondary corridor of the municipal seat. We printed 250 posters, which we are installing in various parts of the municipality. The network of spokespersons was reactivated, a project that seeks to train women who are leaders in their community to be able to talk about Child Sexual Abuse. So far, five sessions have been held with the spokespersons.
