Subject: Third term, 2023 Report

INTRODUCTION

During the last quarter of the 2022/2023 academic year, Building Futures in Malawi continued to support the provision of quality education in Malawi through Minor grants; a project that focuses on building and renovating libraries as well as donating the teaching and learning materials to schools.

The project is being implemented in all the schools that we work with including Kaps Satellite library located in area 36 and serves about 400 people from the surrounding communities in each day. Our goal is to provide a comfortable and well-equipped environment for studying.

ACTIVITIES

The third and last term in the 2022/2023 academic year just ended. In this term, we donated syllabus books, supplementary books as well as storybooks to Chiwamba, Mseche and Minga Community Day Secondary Schools as well as Kaps model school. A total of 135 books was donated. All this has been achieved because of the financial support which well-wishers like you rendered to us, God bless you for being part of a life changing journey!

NEXT STEPS

Our plan is to continue supporting schools and libraries in the 2023/2024 academic year beginning in September, 2023 and raise funds to resume with the extension project of the library which has been on hold for some time due to a lack of funding.

Syllabus books

A representation of books donation to Mseche Community Day Secondary school

Representation of books donation; Minga Community Day Secondary School

Representation of books donation; Chiwamba Community Day Secondary School

ACHIEVEMENTS

- Donated 45 syllabus books to three schools
- Donated 50 supplementary books to three schools
- Donated 40 story books to the Children's library section at Kaps

CHALLENGES

- Schools lack stationery for teaching and learning activities
- Regardless of the books we donated, there is still need for more
- There are not enough desks in schools for instance; Mkanthama school which registered 95 students only has 20 desks

CONCLUSION

Building Futures in Malawi would like to THANK YOU for the endless support. If it were not for you, it was not possible for us to donate 135 books to schools. Together we can improve the quality of education in Malawi.
