## Gift of mobility to 60 persons with disabilities

Under the pillar of Falah(Welfare), NOWPDP focuses on providing identified and deserving persons with disabilities (PWDs) with assistive devices such as wheelchairs or hearing aids. This action does not only enhance the basic mobility of PWDs but also improves their standard of living and uplifts the spirits with the hope of self-reliance and ultimate empowerment.

With your generous support and contribution during the last few months, we were able to provide 5 PWDs including three school aged children and two adults, with quality wheelchairs. The beneficiaries were residents of UC-20 Farash Town, Islamabad which is recognized as one of the areas stricken with poverty and lack of access to basic facilities. The wheelchairs became a ray of hope to the families and the beneficiaries as an ease in their daily routine tasks.

It is only through your donations that we are able to continue our mission of providing mobility to those who need it most. Your contributions have made a significant and lasting impact on the lives of these children with disabilities who now have the opportunity to pursue alternative paths to empowerment.

We hope that you can continue to support us in providing PWDs with mobility thereby transforming their lives and the lives of their family members.
