Hello! I am [redacted]. My father name's [redacted].
I was born in 1389. In 1396 I was seven years old that I started learning in [redacted]. I continued my lesson till grade six. I was in group B. I tried to improve but this goverment prevent me from improving. when I was in grade six it was well. Befor this I havent thought to this one day the door of school will close to our face. On that time I thought to my dream to my wishes. When sudeleuly I hearcl that we can't go to school after grade six. I becam So sad anel disappointeel. I felt that I'm losring my motivatio Anel I thought there is no future for Afg's girls anel women. I hopeel that this situation chang but dideut. anel I still hope that it chang soon. Anel when this course starteel. I became So happy anel I felt that I earn my hope again. That we can continue our lesson. I am happy but also sael. I am happy because we have goocl supporters such as you. You give us motivation. hope for learning anel save us from staying at home. I won't forget your kinelness.
I am sael because of this that why women can't use their natural right. It is so painful anel oppressive for me.
At last I want to say I am very thankful from your kinelness anel thanks so much that us in this situation anel causes that we can continue our lesson. I hope you suppor us till last. Because we need your help. thanks from all clear supporter

From the 7th class
