THIS VIOLENT WAR IN UKRAINE IS DESTROYING THE LIFE OF ITS POPULATION: MEDICINES, ESSENTIAL GOODS, ELECTRICITY AND GASOLINE ARE LACKING. THE CONFLICT IS NOT JUST AT THE FRONT. THE HOME OF MERCY HAS OPENED ITS DOORS TO HUNDREDS OF DISPLACED PEOPLE, IN PARTICULAR TO WOMEN AND CHILDREN THAT ARE LOOKING FOR A SHELTER FROM BOMBS.

28 USD

With 28 USD you will contribute to the delivery costs of humanitarian aid transport.

55 USD

With 55 USD you will support the purchase of medicines and of first aid emergency kits.

220 USD

With 220 USD you will assure humanitarian aid necessary to face the emergency.

The House of Mercy, a centre that previously sheltered children with disability, has saved all the children hosted and now it has opened its doors to all the people that are escaping from the war. The centre needs emergency medicines, first aid kits and humanitarian aid in order to save many lives. Our aim is to raise 11.000 US dollars and to give assistance and protection to hundreds of women with children, old people and wounded that need immediate cares.
