

SCALES CONSERVATION FUND

WHAT WE DO

Scales Conservation Fund is run by a small but passionate team that is dedicated to supporting ethical conservation and wildlife projects and raising awareness about the plight of endangered species in Southern Africa.

It is our mission to make a difference to real nonprofit organisations operating tirelessly to save Africa's threatened wildlife. By working together, we can make a difference!

WHY WE DO IT

Donor funding is critical for all NPOs (non-profit organisations) to do what they do best, but the time available that most smaller organisations have to dedicate towards funding is minimal at best. Whilst most larger organisations can afford to pay for fundraising services, most conservation-based NPOs, that are doing critical work on the ground, cannot and they are in desperate need of help and support.

HOW WE DO IT

We assist conservation-based and wildlife NPOs in continuing their critical work by providing funds, creating fundraising opportunities and offering support. We provide funds through fundraising events, merchandise sales, donations and symbolic adoptions. We also offer services to our conservation fund beneficiaries such as preparation and submissions of grant proposals, sourcing of sponsorship opportunities, equipment and raising awareness through social media platforms.

WHO WE SUPPORT

BUSH BABIES **ENVIRONMENTAL EDUCATION**

Offered to schools in communities surrounding the Greater Kruger National Park, creating a conservation philosophy within the communities surrounding protected areas.

RHINO TASK TEAM

Providing tactical support and wildlife protection over vulnerable conservation areas.

REWILD REHABILITATION **CENTRE**

Providing care and rehabilitation for injured or orphaned species for release into the wild and offering sanctuary to any species that are deemed unfit for release.

PANGOLIN RESCUE **FUND**

Supporting first aid and rehabilitation of pangolins that have been affected by the illegal wildlife trade. Allowing them to be successfully released back into the wild.

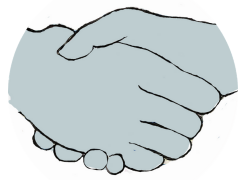

WHAT YOU CAN DO...

With your help the Scales Conservation Fund can make an even greater difference to the non-profit organisations working tirelessly to save Africa's threatened wildlife.

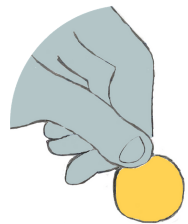

ADOPT

Adopt a species today! Head over to our website and make an adoption of a species of your choice. There are several options available.

SPONSOR

Sponsor a project of your choice. We'll work with you to find an effective conservation-based project.

DONATE

Every cent helps! Become a part of something great.

VOLUNTEER

Planning to visit South Africa? Roll up your sleeves and join a conservation-based volunteer opportunity. Check out our website for more details!

SHARE, SHARE, SHARE

Help us spread our word. It only takes a few minutes to share our website around on any social media platform of your choice. Awareness is key!

THANKS FOR READING

If you need more information please visit our website or send us an email.
We look forward to hearing from you. Now go do something great!
