

Abaco Strong

Breakfast for Children

Helping the Children in Abaco to be Successful in School

The Children of Abaco have been through a lot in the last three years. Many families are still struggling to put food on the table due to the devastating impact of Hurricane Dorian and a Global Pandemic in a tourist driven economy. As a result, children in Abaco often come to school without the benefit of a healthy breakfast.

Studies show that eating breakfast helps children do better in school:

- ~ Improves memory, concentration, and alertness
- ~ Increases problem-solving ability
- ~ Improves test scores
- ~ Promotes better attendance

Help Us Reach Our \$55,000 Goal

Your donation can help us reach our goal of \$55,000 to supply breakfast for 200 children for the 2022-23 school year, and improve the chance of academic and personal success for each child.
