

## REPORT PROJECT: PROVIDE HEALTHY WATER AND FOOD FOR 5953 CHILDREN

The project “Provide healthy water and food for 5953 children” aims to carry out drilling and produce vegetable through agroecological practices in 11 primary schools in rural area. It is an opportunity to allow 5953 pupils to have drinking water and healthy lunches.

The project is currently being implemented in four schools : The schools in the villages of Yombo, Sékia-Dalet, Nzilla and M’Poko Bac.

Nzilla school started producing vegetables in september , in the beginning of the school this year.

The Schools of Yombo, Sekia-Dalet and M’Poko Bac villages will start vegetables production in December due to flooding of the plots.

This year, the school of Yamboro village will produce vegetables. Please help us provide drinking water to the pupils in Yamboro village .

The donate are important to continue our project.
