INTRODUCTION:

This report covers recent activities implemented under the above-mentioned Project covering the month under review (**February – May**). Activities were held in Margibi, Montserrado, Bomi and Bong counties in Liberia. This report reflects on the following below:

2.0 PLANNED ACTIVITIES FOR THE PERIOD UNDER REVIEW:

2.1 4th Annual Back-To-School Book Ride Campaign 2023

2.2 Recommendation and Conclusion

ACHIEVEMENTS FOR THE PERIOD UNDER REVIEW:

2.1 Planning 4th Annual Back-to-School Book Ride Campaign 2023

Learning Squared calls upon kind-hearted individuals and organizations to lend valuable support to our 4th annual back-to-school book ride in September 2023. This event, spanning four Liberian counties: (Margibi, Montserrado, Bong, and Bomi) showcases our unwavering dedication to the education of Liberian children. We understand the challenges faced by families on the verge of survival, and our initiative serves as a beacon of hope, providing much-needed school supplies and delivering a powerful message of support. We firmly believe every child deserves an equal opportunity to learn and succeed, regardless of their circumstances.

In 2023, our efforts will extend to six deserving schools D. W. Institute Elementary School, Kingdom Builder Elementary, St. Eaffa School, Agape Elementary and Junior High School, and Minor Community School) in Liberia. These educational institutions are more than just structures; they are beacons of light guiding countless Liberian children on their path to knowledge and education. We are grateful to be part of this noble endeavor, and our Country Manager, Mr. Alvin Freeman, shares his excitement. Learning Squared is pivotal in supporting children's education in Liberia, and we remain committed to making a tangible difference in their lives. However, we cannot achieve our goals without the support and generosity of compassionate individuals and organizations who share our vision. We humbly appeal to all who believe in the transformative power of education to contribute, regardless of the donation size.

Your support will directly impact the lives of 300 young learners, providing them with the necessary tools and resources to thrive academically and unlock their full potential. As champions of education in Liberia, we can create a sustainable pathway to improve learning outcomes and empower the next

2.2 Recommendation and Conclusion

Thanks and appreciation to our supporters, donors, GlobalGiving, Local communities, and school for their commitment to the project's successful implementation. Learning Squared Liberia is open to working with all children of Liberia, Mostly the under privilege children in rural Liberia.
