In order to make its contribution to the most vulnerable populations, the NGO CAV offered to implement the project to support the creation of a health center in Kpangalam -Château, a suburb of the city from Sokodé to Togo.

This project falls within the framework of **Result 2 of the 2021-2025 strategic plan**, relating to **the reduction of the rate of maternal and infant morbidity and mortality by the end of 2025** with a total cost of **Sixty million four hundred and forty five thousand three hundred and sixty ten ( 60,445,370 )** CFA francs or ninety- two thousand eight hundred and fifty ( **92,850** ) US\$ <sup>1</sup>.

In November 2022, this project was submitted for assessment to GlobalGiving with a view to collecting funds for its implementation.

As of July 12, 2023, the total project funding was 150 US dollars with that of 10 dollars funded in February 2023.

Since the last report in July 2023, this project has no longer received donations. So fundraising continues courtesy of GlobalGiving .

Done in Sokodé, November 6, 2023.
