The beneficiary of the land title deed, Mrs. Daria Slaa Bahha, a 78-year-old widow, faced a challenge from clan elders, which was resolved by the ward land tribunal.

Beneficiary: Dinna Nikola (81 years old)

Dinna Nikola, a widowed elderly woman, successfully obtained her land title deed with the strong support of her family. This achievement followed her education on marital land ownership, empowering her to secure her rights.

A public meeting was held in Kainam village to provide education on inheritance management and land ownership, with a particular focus on women, especially widows. The majority of the participants were elders from traditional tribunal.
