Support the education of 40 women in Quito

Report - April 2023

We start the new school year at our School for Feminist Popular and Political Education!!!

With your donations, we started our educational program based on literacy, knowledge exchange, women's leadership, and co-research processes based on a popular-feminist perspective.

Meet this year's group

L to R: Vicki, María Angela, Jazmín, Margarita and Martha

HIGHLIGHT

In February 2023, we were able to receive Helena Silvestre –an Afro-indigenous activist from Brazil and writer of *Notas sobre el Hambre*—at our School. Helena led a plenary class in which she invited us to think about land dispossession, racism and gender violence in Latin America.

Meet **Gloria and Eugenia**, two sisters who have been part of the School for over two years. Both of them regularly assist additional support groups at our School to improve their reading and writing skills.

On behalf of all of us, who are part of *Mujeres de Frente*, **thank you very much for supporting our process and believing in our organization!**
