**CHEVALIER DE L'ORDRE DE MERITE**

**10 th activity report N°58481 health**

## **I. Introduction**

Following the last report, Tigoung Nonma has not received any further fund transfers from GlobalGiving for its health project No. 58481.

Concerned about improving the health of its members, TN has undertaken two activities (see below).

## **II. Activities Undertaken:**

### **• Member Awareness**

Through our WhatsApp group, we exchange messages to check in on each member and share tips on staying healthy, while also following the advice of their doctors, especially for those who are ill.

### **• New Health Partnership in Progress**

We have held meetings to discuss a future partnership with Education Saves Lives.

## CHEVALIER DE L'ORDRE DE MERITE

Following the discussions, we received USB drives and instructions in French for their use from Education Saves Lives.

These drives contain lessons that will guide us in raising awareness among our members about health in particular, and the health of people with disabilities in general.

### III. Conclusion

We extend our continued gratitude to GlobalGiving, all our partners, and donors who support Tigoung Nonma in improving the living conditions of people with disabilities in Burkina Faso, and especially those of Tigoung Nonma.

**Note: This past activity report is the 9th report, not the 8th.**
