REPORT AUGUST TO NOVEMBER 2024

PROJECT: Food support to 400 Vulnerable orphan children's families to grow vegetable gardens in Rwanda.

Introduction

This project consists of funding 400 small vegetable gardens for 400 orphans' families in Rwanda. Though the support of the Global Giving from April 2023 to 18th July 2024, our organization provided 18 vegetable gardens.

Realization in the period of August to November 2024

This project received a donation of \$50 through the Global giving platform, but this amount is not yet been disbursed.

Out of the Global giving donations, EJO TWIFUZA received contributions from local individuals amounted of \$180. These contributions helped our organization to provide other 3 vegetable gardens to vulnerable children families.

This means that in total if we totalize the 18-vegetable garden provided before July 2024, plus the 3 vegetable gardens provided in this reporting period of August to November 2024, it is observed that we have provided a total of 21 vegetable gardens to 21 Vulnerable orphan families.

As well as our target is to realize 400 vegetable gardens to 400 Orphan vulnerable children's families, this means that out of 400 vegetable gardens, we provided 21 and the fundraising process continue to provide the 379 remained vegetable gardens.

We sincerely appreciate the contribution of the Global giving and everyone that supported to this initiative. Because of your support 21 families of vulnerable orphan families get something to eat and survive. Without your help this could not be done, my God bless you.

Jacques NGARUKIYE SEKANYANGE
Executive Director
EJO TWIFUZA
