PROGRESS REPORT 25/07/2023

Food support to 400 orphan's family's in Rwanda

PROJECT CONTEXT

About 5.4 million out of Rwanda estimated 11.8 million people are under 18 years old. However, children and their families still face significant challenges. Despite rapid urbanization, around three quarters of the

population live in rural areas. Poverty remains widespread, with 39 per cent of the population living below the poverty line and 16 per cent living in extreme poverty. Children are disproportionately affected by this poverty, experiencing multiple deprivations of their basic needs include getting food.

PROJECT OBJECTIVE

The objective of this project is to funding seeds for 400 small vegetable gardens for 400 orphans' families managed by children to grow, plant and harvest their own food in order to contributing to alleviate the problem and see how we can help vulnerable children to get foods.

EJOTWIFUZA aim was to mobilizing a budget of the total budget needed of \$24,800 to provide small vegetable garden for 400 orphan children family to grow, plant and harvest their own food to help ensure food security and hope to eat to this vulnerable orphan children families.
