NEW OFFICE IN FULL SWING !!!

****New Office, New Horizons: Why We Relocated to a Developing Area****

Change is on the horizon as we unveil our new office in a developing area that's poised for greatness. As the pictures below show, we are still settling in. This decision to move was driven by several compelling reasons.

Our previous office served us well, but as our team expanded and our ambitions grew, we found ourselves in need of more space. The new office provides room to accommodate our team and to support our future projects.

The new location places us right at the heart of a developing business hub and right next to our new Chicken Farm. This strategic proximity to other businesses, clients, and potential partners allows us to foster stronger connections, collaborations, and networking opportunities.

We believe in contributing to the growth and development of our community. This relocation aligns with our values of being an active part of the local economy and supporting the progress of the area. A new office represents a fresh start for our team, bringing a renewed sense of energy and enthusiasm.

It's an exciting change that ushers in new opportunities and possibilities.

We're thrilled to embark on this new chapter in our organization's journey. Our new office is not just a space; it's a reflection of our commitment to growth, innovation, and community engagement. We look forward to welcoming you to our new office and are excited about the great things we can achieve together in this developing area.

New Beginnings !

****Anna's Fresh Start: New Home and New Blessings****

Anna's journey has taken a remarkable turn, and we are thrilled to share the latest chapter of her life.

We have moved Anna's Family into a bigger and better place, now living in what used to be the Mkumbo Family's 2-room apartment. We have already paid her next 6 months rent. Like a sanctuary it offers her more space and comfort. For the first time in a long time, they are no longer on the edge of homelessness. This new place is transforming into a true home, a place of warmth and safety.

Adding to the joy of her fresh start, Anna has welcomed a precious addition to her life—a bouncing baby girl named Betsie. Co-Founder and Treasurer Mrs. Betsie Green is honored that the family chose to name the baby after her.

Despite facing adversity and challenges of being a widow with 4 kids, having a breast tumor, and having been raped, Anna's spirit shines brightly. Her ability to love and find joy in life's blessings is truly inspiring.

The transformation in Anna's life, from her new home to the arrival of her baby girl, reflects resilience, strength, and hope. Her story serves as a beacon of courage and a reminder that even in the face of adversity, we can find new beginnings.

Your support has made a world of difference. Thanks to you, Anna and her family are now safe. Your generosity is changing lives and bringing hope to those in need. Thank you for making this possible.
