### 3. CHUNHUI CARE HOME PROGRAM STORY

Zijun is a two-and-a-half-year-old boy. He suffers from cleft lip and palate. Two years ago, he came to Chunhui Care Home for a cleft lip repair surgery, and he came back for a cleft palate repair surgery this time.

Zijun has a really strong learning ability. A few weeks ago, he didn't even know how to brush his teeth properly, he just swallowed down the mouthwash directly. However, under the step-by-step guidance of Chunhui Mama, he was able to brush his teeth with the correct way independently only a few days later.

Also, Zijun is resilient and shows perseverance far beyond other children. Unlike others who would cry a lot when they first arrived, Zijun adapted to the life at Chunhui Care Home very soon. The favorite thing Zijun would like to do was just sitting around our Chunhui Mamas, playing toys with them, or listening to the stories told by them.

Moreover, Zijun is a clean and tidy child. Even though he is really young, He always eat each meal by himself. After finishing all the food, he would show his empty bowl to our Chunhui Mama.

While the most precious thing is that Zijun is a grateful child. Even though he is shy to express, he would ask our Chunhui mamas to have their own meal with his gestures.

Under the good care of our Chunhui Mamas, we believe that Zijun will recover soon, and grow even stronger after surgery.
