BUILDING UP HOPE ACADEMY

From 16 to 70 to 150

The COVID-19 pandemic only amplified the already challenging lives of the students and families served by Hope Academy. It caused food scarcity, aggressive poverty, and heightened systems of domestic violence within the households of many students. Throughout these challenging times, Hope Academy provided its students and their families with ongoing food support and some of the highest quality ongoing education in the region by creating capacity for effective distance learning in a space that frequently does not even have running water, yet alone internet signal.

PHASE 2

In phase 1, we purchased the land and began the school. In phase 2, we will provide:

- Sports court: \$15,000
- Central 2nd floor classrooms: \$55,660
- Exterior hallways, columns, and second floor roof: \$63,500
- Girls' dormitories: \$81,500
- Final two end floor classrooms: \$82,200
- Four English teachers (\$8,400 each)
- Two house parents (\$6,000 each)

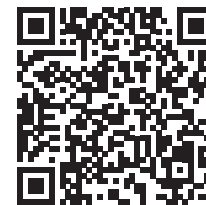

preschool—sixth grade to learn, play, grow, and bloom into the people they dream of becoming. The entire project will involve the construction of an outdoor sports court for recess and gym class, a second floor to the main building which will include four additional classrooms and dormitories for up to 10 girls from difficult family situations to board on location and focus more full time on their studies, and first year salaries for four new English language teachers and two House Parents. These new additions to the campus of Hope Academy will finally allow it to be a state-of-the-art, bilingual learning center capable of Building Up girls in Guatemala for generations to come.

To complete phase 2, \$350,000 is needed. Every gift of every size is essential to the success of this capital campaign. The following table shows the size and number of gifts needed to reach our goal.
