Inspiring story of the month

5-year-old Eva Pastukhova spent half a million hryvnias to help the military

Eva's father, Maksym Pastukhov, has been defending Ukraine since 2014. He died on September 7, 2022, near Balakliya. On the day it happened, Balakliya was liberated. Eva was four years old at the time. After her father's death, she expressed **a desire to help the Ukrainians** (as Eva calls the military who defend their homeland), and her mother supported her in this decision.

For a year now, they have been helping various military units and volunteer centers, and the amount of expenses has already amounted to half a million UAH. This money is the pension Eva receives from the state. Valentyna, the girl's mother, is convinced that Ukraine's victory, not a new apartment, **is the best investment in her daughter's future**. Recently, Eva joined the volunteer team of the Svyatoslav the Brave Regiment Foundation and was presented with a real volunteer certificate.

Eva Pastukhova joined our Foundation only recently, in August this year. The family has already received priority financial assistance from us and applied for preparatory courses for school, and we are waiting for a tablet for the girl. **We are proud to have such conscious children among our wards.**

A woman and two children are seen from behind, holding a large Ukrainian flag (blue and yellow) in a field of tall grass at sunset. The sun is low on the horizon, creating a warm, golden glow. The woman is in the center, holding the top of the flag. A child is on the left, and another child is on the right, both holding the sides of the flag. The flag is held taut, showing its full length and width. The background is a soft, hazy sky with the sun's light filtering through the clouds.
