ADULT LITERACY CLASSES

CASASITO ASSOCIATION

"I'm so happy to be learning and to have the opportunity to do something for myself. I am at level 1, but my dream is to graduate at level 6" – said one of the participants, mother of 8

2 COURSES: LEVEL 1 & LEVEL 2

CasaSito's adult literacy reaches some of the most vulnerable members of Guatemalan society; indigenous women.

Our classes have been going from strength to strength. This year we are running level 1 and level 2 courses. It is impossible not to underestimate the impact that these courses have on the mothers attending.

POSITIVE LEARNING ENVIRONMENT

At CasaSito, we aim to maintain a positive learning environment.

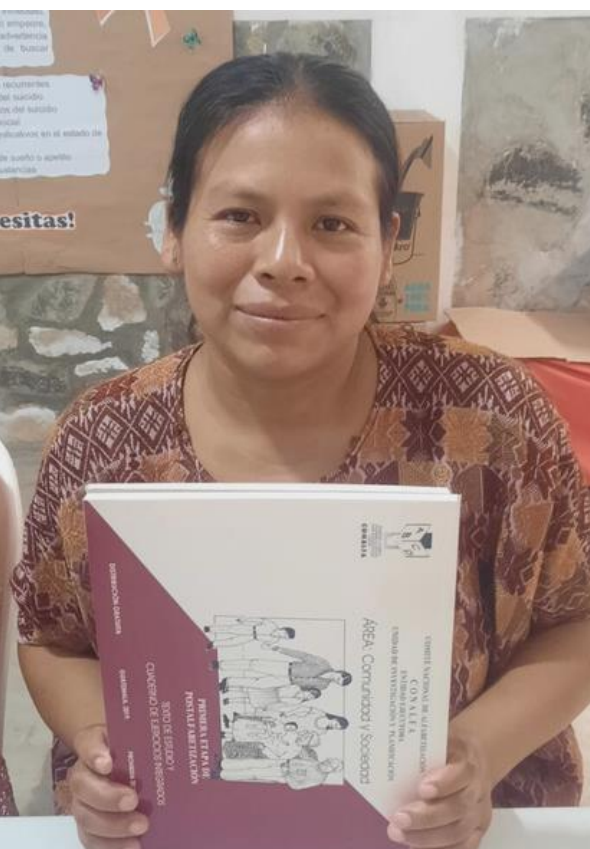

This is visible on the faces of the mothers in attendance, their active participation, determination, and joy in their achievements.

ACHIEVEMENTS THIS YEAR

Course facilitator Melvin Benjamín Jalal Calel, explained that attendees are gaining key skills and opportunities for personal growth in areas such as building social relationships, adaptation and resilience.

He said that *'they have already made significant progress in advancing their skills in both writing letters and numbers, and they are very proud of their achievements.'*
