## **Empowering Families and Building Early Literacy**

10-session parent education classes start on Saturday January 18, 2025 at Ord Terrace's Saturday Academy

- **Ord Terrace Saturday Academy**
- **From 8:30 AM to 10 AM**
- **Snacks will be provided for parents**
- **Class taught in English and Spanish**

Did you know that babies begin learning the day they are born? Did you also know that 85% of brain development happens during the first five years of life? As a parent, you are your baby's first teacher. You hold the key to building their language and vocabulary during these critical early years.

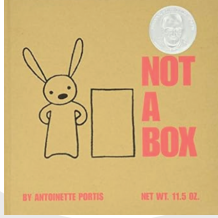

Why attend? Because the more words a child knows before they start school, the easier it is for them to continue learning throughout their lives. You will learn how to use what you already know—without needing to read books—in ways that will help give your children more words and a life of infinite opportunities.
