I am still in nappies	✓		
I enjoy playing with water and messy play	✓		
I am able to identify my bottles and shoes	✓		
I help tidy the class and put away the toys		✓	
I am curious about my environment	✓		

### GENERAL REMARKS

Kk has had a fantastic first few months of the year. She is a happy girl who loves her morning spent at school. Although a little apprehensive in the morning, she warms up quickly and is happy to be there. Kk loves to be playing with her friends in the dolls area or in the kitchen area. She loves ring time too, learning new songs and being able to chat to her teachers, Kk doesn't always like to do art but when we can persuade her, she loves and doesn't want to leave when she's done. This term we will be working on her speech and getting her to talk. She needs to be encouraged to speak and use words. Let's go, Kk!

I look forward to seeing her progress for the rest of the year.

TEACHER:   
 Lauren Krossynski

TEACHER:   
 Trinity Saul
