*We provide social enterprise development support to over **100 parents** and guardians of ex-street-connected children, igniting a cycle of positive change.*

Spreading Joy: This season, we're sharing joy beyond borders. By participating, you're gifting street-connected children a reason to smile, fostering a sense of belonging that lasts a lifetime.

Raising Awareness: Through a face-to-face campaign, we're shedding light on the challenges street-connected children face daily. Your presence makes their stories resonate louder, advocating for change.

Empowering through Education: Discover the power of our Godparents' Program. It's not just a scholarship; it's a chance for rescued street-connected children to thrive. By joining us, you're promoting education and transformation.
