

FABULOUS AFRICAN FABRICS

Fabulous African Fabrics provides food, shelter and educational fees for children and mothers. Fabulous African Fabrics' artists and crafts persons turn African cloth into useful and beautiful clothing and linens. Artists decorate a variety of items with African designs. Profits from the sale of these pieces and financial donations go to agencies working with AIDS widows and orphans.

*I love using my creativity to
help others in need.*
Dian Zahner

NEED IN AFRICA

- Health professionals in Kenya estimate that 12% of the population is HIV positive. FAF agencies distribute antiretrovirals.
- The AIDS epidemic has left over 12 million orphans in Africa.
- Local groups in cities and villages help widows to both face this crisis and raise their children. Two groups supported by FAF are Women Fighting AIDS in Kenya and The Good Samaritan Home in Nairobi.

*FAF helped me continue
my education after I
arrived at the orphanage.*

In the wake of AIDS comes disease, suffering, death, and finally societies that crumble. FAF blends marvelous art with social purpose and the result is human good...here is a devoted crew of artists, proving, again, that small groups with big hearts can make massive contributions.

Mary Fisher
UN AIDS Ambassador

SUPPORTING AIDS WIDOWS & ORPHANS

OUR MISSION:

to support agencies working with AIDS widows and orphans in Africa and to educate others about the AIDS crisis in Africa.
