

know one, teach one

Buy a Spoon Build a Dream School

"It takes a village to raise a child". At KOTO, we hope to serve as the 'village' in the successful stories of raising disadvantaged youth, who were born without a silver spoon but are equipped with the KOTO 'spoon', their second home away from home, with the skills to have stable jobs, to help themselves and help others.

Your kind donations will go toward building KOTO Dream School, our forever home where KOTO trainees not only study but live together, and where the value of caring, sharing, and empowering are instilled in them so that they will pass on the spirit to help many other less fortunate youth in Vietnam - just as what KOTO stands for: Know One, Teach One.
