# Gaza, Palestine: Situation

The 365-square-kilometer Gaza Strip has been under heavy bombardment for months. Thousands of Palestinians have been martyred and many more wounded. Hundreds of thousands of buildings in Gaza have been partially or completely destroyed. Millions of displaced and oppressed Palestinian families, children and women are forced to live in makeshift shelters and camps in a heartbreaking state of destitution.

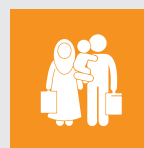

The worst of the siege has made it extremely difficult to deliver food, water, medicine and medical aid to the Palestinian families in Gaza. The ongoing attacks on hospitals have created a major health crisis for millions of patients, especially women and children. According to UNFPA, there are currently thousands of pregnant women in Gaza for whom there are no health facilities.

## Humanitarian Crisis in Gaza

Over 2.2 million Palestinians who have been under siege in Gaza since October 7, 2023, are facing severe food shortages. The lives of millions of innocent children are currently at risk as food, water and necessities of life are not reaching in Gaza.

# Alkhidmat Palestine Relief

The ongoing war in Gaza has made life incredibly challenging for millions of Palestinians since October 07, 2023. Amidst this turmoil, the Alkhidmat Foundation has stepped in to support the besieged Gaza Strip. To date, Alkhidmat has delivered relief aid totalling 2.5 billion PKR to displaced Palestinian families in Gaza. Relief aid includes hot meals, medicines, tents, baby kits, hygiene kits, blankets, medical equipment, winter packages, new clothing, dry rations, and other necessities of life.

Over 2,080 tons of relief goods from Pakistan have been sent to Gaza through NDMA. Alkhidmat has also set up warehouses in Lahore, Karachi, and Islamabad to ensure efficient packing and delivery of these supplies. Additionally, a large warehouse has been set up in Cairo, Egypt. The distribution of relief goods in Gaza is facilitated through Turkish and Palestinian charity organizations operating in Gaza.

Supported by the UFP, Alkhidmat teams in Cairo and Gaza have also provided food packages to over 30,000 families, ensuring a month's worth of sustenance. Aid deliveries to Gaza have been coordinated through the Rafah border crossing.

# QURBANI

FI SABILILLAH  
FOR PALESTINE

Qurbani for Palestine can be performed in the following three ways:

Qurbani animals for Palestine will be slaughtered in Pakistan and meat will be sent to Gaza in tin packs.

Tinned meat packs will be dispatched to Gaza through Egypt via Rafah & Karem Abu Salem borders and through Jordan via Shah Hussain crossing.

The meat packed in tins will remain usable for six months.
