

PROJECT REPORT

Protection of People Against Lightning

Organization: Save Life Make Difference

Project Date: September 11, 2026

Project Type: Community Safety & Disaster Risk Reduction

Project Status: Fundraising in Progress

Fundraising Goal: \$50,500

Amount Raised: \$424

Remaining Funding Required: \$50,076

Progress Achieved: 0.84%

1. Executive Summary

Save Life Make Difference is developing this community safety initiative to help protect people from the dangers associated with **lightning strikes**.

Lightning can cause serious injuries, fatalities, fires, and damage to homes and community infrastructure. The project aims to raise **\$50,500** to support practical measures that can reduce people's exposure to lightning-related risks and improve community awareness and preparedness.

To date, **\$424 has been raised**, representing approximately **0.84% of the total fundraising goal**. A further **\$50,076** is required to reach the project's target.

2. Project Background

Communities exposed to frequent thunderstorms may face significant risks from lightning, particularly when people lack access to safe shelters, reliable warning information, or knowledge about appropriate safety measures.

This project seeks to support vulnerable communities through **public education, lightning-safety awareness, risk reduction, and appropriate protective measures**.

3. Project Objectives

The main objectives are to:

- Increase public awareness about lightning hazards.
- Educate communities about safe behavior during thunderstorms.
- Promote access to safer shelter and lightning-protection measures.
- Support vulnerable communities in reducing lightning-related risks.
- Distribute educational and safety information.
- Encourage community preparedness and emergency response planning.
- Work with relevant local stakeholders to identify areas with elevated lightning risk.

4. Fundraising Status

Fundraising Indicator Amount

Fundraising Goal	\$50,500
Amount Raised	\$424
Remaining Amount	\$50,076
Percentage Raised	0.84%
Percentage Remaining	99.16%

The project has currently raised **\$424**, leaving **\$50,076** to be raised.

5. Proposed Use of Funds

Subject to a community risk assessment and applicable safety standards, funds may support:

- Lightning-safety awareness campaigns.
- Community education and training.
- Safety information materials and outreach.
- Identification of safer community shelter locations.
- Appropriate lightning-protection infrastructure where technically recommended.
- Support for vulnerable communities in high-risk areas.
- Emergency preparedness and response activities.
- Monitoring, reporting, and project administration.

6. Community Awareness and Education

A major component of the project will be educating people about lightning safety. Community members can be encouraged to:

- Seek a substantial enclosed building or hard-topped vehicle when lightning threatens.
- Avoid exposed open areas, isolated trees, and other unsafe locations during thunderstorms.
- Follow official weather and emergency warnings.
- Avoid unnecessary outdoor activity when thunderstorms are approaching.
- Learn basic emergency procedures for responding to lightning-related injuries.

7. Fundraising Strategy

To reach the **\$50,500** target, Save Life Make Difference plans to:

1. Increase awareness of lightning-related risks.
2. Engage individual donors and community supporters.
3. Seek partnerships with charitable and humanitarian organizations.

4. Promote the campaign through social media and community networks.
5. Approach organizations interested in disaster-risk reduction and community safety.
6. Provide regular fundraising and project updates.
7. Maintain transparent records of donations and expenditures.

8. Accountability and Transparency

Save Life Make Difference should maintain accurate records of all funds received and spent.

Project accountability should include:

- Documenting donations received.
- Maintaining receipts and expenditure records.
- Providing regular financial updates.
- Documenting project activities and outcomes.
- Ensuring safety-related installations or interventions are assessed and implemented by appropriately qualified professionals.

9. Expected Impact

If adequately funded, the project aims to help communities better understand lightning risks and adopt safer practices during thunderstorms.

The initiative is expected to contribute to improved awareness, preparedness, and risk reduction, particularly among people living or working in areas vulnerable to lightning incidents.

10. Conclusion

The **Protection of People Against Lightning** project, organized by **Save Life Make Difference**, aims to help reduce the risks posed by lightning and promote safer communities.

As of **September 11, 2026**, the campaign has raised **\$424 toward its \$50,500 goal**, representing approximately **0.84% of the target**. The remaining fundraising requirement is **\$50,076**.

With continued support from donors, community members, organizations, and partners, **Save Life Make Difference** can expand awareness and support practical measures designed to help protect people from lightning-related dangers.

Together, We Can Save Lives and Make a Difference.
