

DARLINGTON ASSISTANCE FOR REFUGEES

A home for our charity

At Dar we offer welcome and support to sanctuary seekers to help them become included, valued and respected members of our local community. We want a space to call our own that we will use to meet, talk and plan projects. To be able to share our skills and talents with our local community.

Somewhere to store the *free shop* and resources that we offer, hold language classes and resources. Somewhere to meet and have extended drop ins and offer voluntary opportunities for our community.

At the moment we move between different venues, relying on volunteers to store in their garages, gardens and cars and move equipment from place to place. Our presence within our communities is limited by the slots that are available at these venues, we feel our service users and volunteers deserve more of a home.

Approximate Costs

Cost are based on averages based on the properties viewed to date. Based on a 3 years as in order to secure a property in a competitive marker, we need to sign an agreement for 3 years.
