

“ I graduated from high school. These conditions in Afghanistan did not allow me to continue my education. And for now, as a girl, I don't have the right to study, the right to work, the right to continue my education and my freedom. Before I got to know your class, I didn't have any kind of work. But for now, I am busy with the classes you created and I am training. I didn't know much about computers before, but now I do. During this time, I learned a lot about computers. I learned about basic computers with computer components and their structure, about its programs, about Microsoft computers, about computer memories and general information about computers. And I thank you for giving us your time and supporting and encouraging us. Your efforts made us try harder and not give in to these conditions.”

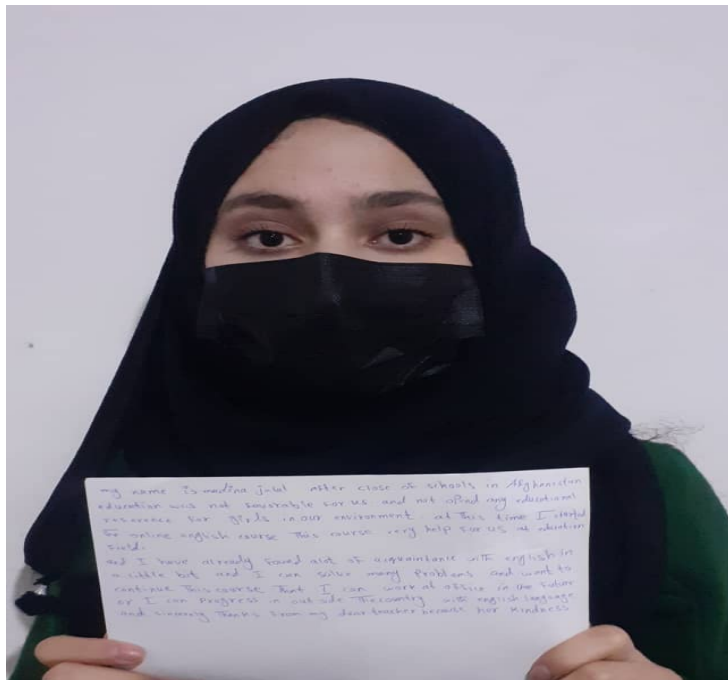

“Hello, Unfortunately, Afghan girls are in a situation where they have lost their hope for progress and continue to live in pressure, fear and despair. Thank you for being with us in these difficult days and thank you for this program. When I was in the computer class, I learned very

interesting subjects, for example: the correct use of the Internet, creating and writing emails, using programs such as: Google Sheets, Google Docs, Google Slides... .. with Thanks to Professor Shahram for taking time for us and teaching us with great care and patience. I am looking forward to learning new topics in the new class. Using the lessons I learn in the computer class, I can do assignments online in the future or I can be a program coder."

"Before the English course i had problems in writing. reading and speaking and now i take the online English course i learn many things i can write email. letter. i know grammar things. i can read write speak and etc. i can solve my problem in the future."

“I was student at the university before Starting this class. But when the Taliban’s Came, they didn't let the girds to Continue their educations anymore we spend our whole time at the home

but fortunately this class was started and we could to reinforce our English Language now I am So glad from your hard working, you're teaching. I really appreciate. you and this online class has helped me more and I learned lots of issues and I am really happy for learning new language and help us very well. we will not force with any problem in the foreign countries and before i starting this class i was very weak in English but now I see a lot of difference in myself. we know English and computer we can get good job even we can work online to other countries it was my first time to Start online class But I was not thinking that it is a wonderful class."

"Hello, I am 19 years old and I am a university student. Before the English curriculum, I was completely aimless and without a plan. I was at home because my university was closed, but when I received this English class and started studying, I was very It helped me, it saved me from depression and I started studying and learning and now I can speak English little by little and I can read English books and I also know the meaning of English sentences. We try very hard. And thanks to those who are at the top and have created these classes. thank you🙏"

"Hello, I am one of the students of English class. I am 17 years old. I am in grade 12th. I was supposed to graduate from high school this year, but because of the situation in Afghanistan and the order of Taliban, i couldn't continue school from grade 10th.

I was so hopeless and depressed. Until i was introduced to this online school. Everything about this course gave me hope. It motivated me to wake up every day and not give up on my dreams. I want to say thank you to the principal of this school. I dearly appreciate their kindness. A special thank you to my honorable teacher Khatera, who taught me a lot of things in these few months. She is a hard-working and wise teacher. Someone i respect and admire a lot."
