ABM COMPUTECH CENTRE

Promoted

By

ABM Samaj Prabodhan Sanstha

About the organisation

The organization established in the year 1984 has completed 25 year of its existence and uninterruptedly working towards the empowerment of disadvantaged sections of society i.e. scheduled castes, scheduled tribes, other backward classes, women and children at large.

The institute began with a small Balwadi and today proudly runs a full fledged IT Center among many other different development activities. The organization dedicates its efforts to Dr. Babasaheb Ambedkar, the beacon light of our movement and strives to espouse and spread his message.

Many activities like Education complex for Primitive Tribe Girls, family counseling center, Short Stay Home, Sankalp Educated Unemployed Service Co-operative Society Ltd, IT Center, etc. In our endeavour for development of deprived classes.

Moreover we realize that it shall not suffice for the Future generation in the present era of Globalization, very soon we'll have our medical and engineering colleges, as well as corporate companies. And then we will be able to remove the shackles of underdevelopment trapping our society for decades.

Background

The Founder and President Mr. Sitaram Gaikwad and all his colleagues belong to the Dalit caste that was being treated as 'untouchable', till mid 19th century. Dr.B.R.Ambedkar was the pioneer reformer who gave the untouchables real freedom from discrimination. He made their rights fundamental and untouchability, a crime as incorporated in the Indian Constitution.

All the members completed their education around 1972-73 and were associated with the 'Dalit Panther' movement. This movement provided the revolutionary zeal for fighting against atrocities committed towards Dalits.

However, the members never forgot the sermon and preaching of Dr.Ambedkar i.e. Educate! Organise! Agitate ! Afterwards all of them joined various services and pledged to work for upliftment of their society. Thus, ABM Samaj Prabodhan Sanstha was born in the year 1984.

Achievement

The organization has been striving unabatedly for the upliftment of the deprived sections with complete dedication and hence we had no time in vying for 'Awards and Honours'.

Yet the State Government conferred a very prestigious 'Dalit-Mitra' award, the name itself lived up to our aspirations.In the year 1998-1999,only 5 NGO's were selected for the award from the Maharashtra state.Later, in the year 2002-2003 the organization was felicitated in a world conference by Late Prime Minister Shri. V.P.Singhji.

Dr. Maren Bellwinkel schemp, a great thinker from Germany had recently visited and felicitated the organization.

ABM Computech Centre

The greatest challenge faced by India in the 21st century is the 'Digital Divide' as put forth in the eleventh five year plan.While Information technology is the latest paradigm in human development; our organization took a step forward to remove this digital divide way back in 1994.ABM Computer Center was established to educate deprived sections especially   SC/ST   free of cost.   The need for the same institute was felt as the disadvantaged could not afford to pay the huge fees associated with IT courses and developed a fear about it.

Today the institution has a wide spectrum of career oriented courses like MS-CIT, Hardware Networking Diploma, Masters Diploma in software programming as well as provides IT Solutions also, Website development, software development and similar services are provided to the needy. The organization has proved itself as technology savvy and aims to empower the disadvantaged by using technology as a tool.

In the tenure of this report this centre was revamped by additional Computers and replacing the monitors by LCD. The centre has got recognition by Maharashtra Knowledge corporation Ltd & Maharashtra centre for Entrepreneurship Deployment so that the successful students will be equipped with the Government certificates. This faculty was started with the help of Shri. Praveen Bhalesain. MTech (IT) ,IIT, Roorkee Prof. Amjems Netto, MCA.   The centre was visited by the Dr. Maren Bellwinkel Schemp, Germany.

The Directorate of Social   Welfare, Shri. E.Z.Khobragade along with Mr. Mahajan , Divisional Social Welfare Officer, Mr. Pravin More visited the centre and expressed their satisfactions with good wishes to the students of backward class community to cope up with the computer era, with the assurance for providing of Government facilities..However women are encouraged to enroll themselves to promote gender equality. The Organisation has decided to open degree courses in the near future.

Budget and Estimate of ABM Computech Training Centre for 1 year recognized by Government.
