ENTREPRENEURSHIP

# Our Mission

Happy Haitian Education is dedicated to empowering through education by boosting human and educational resources, namely through English and Computer Literacy programs

# Our Goal

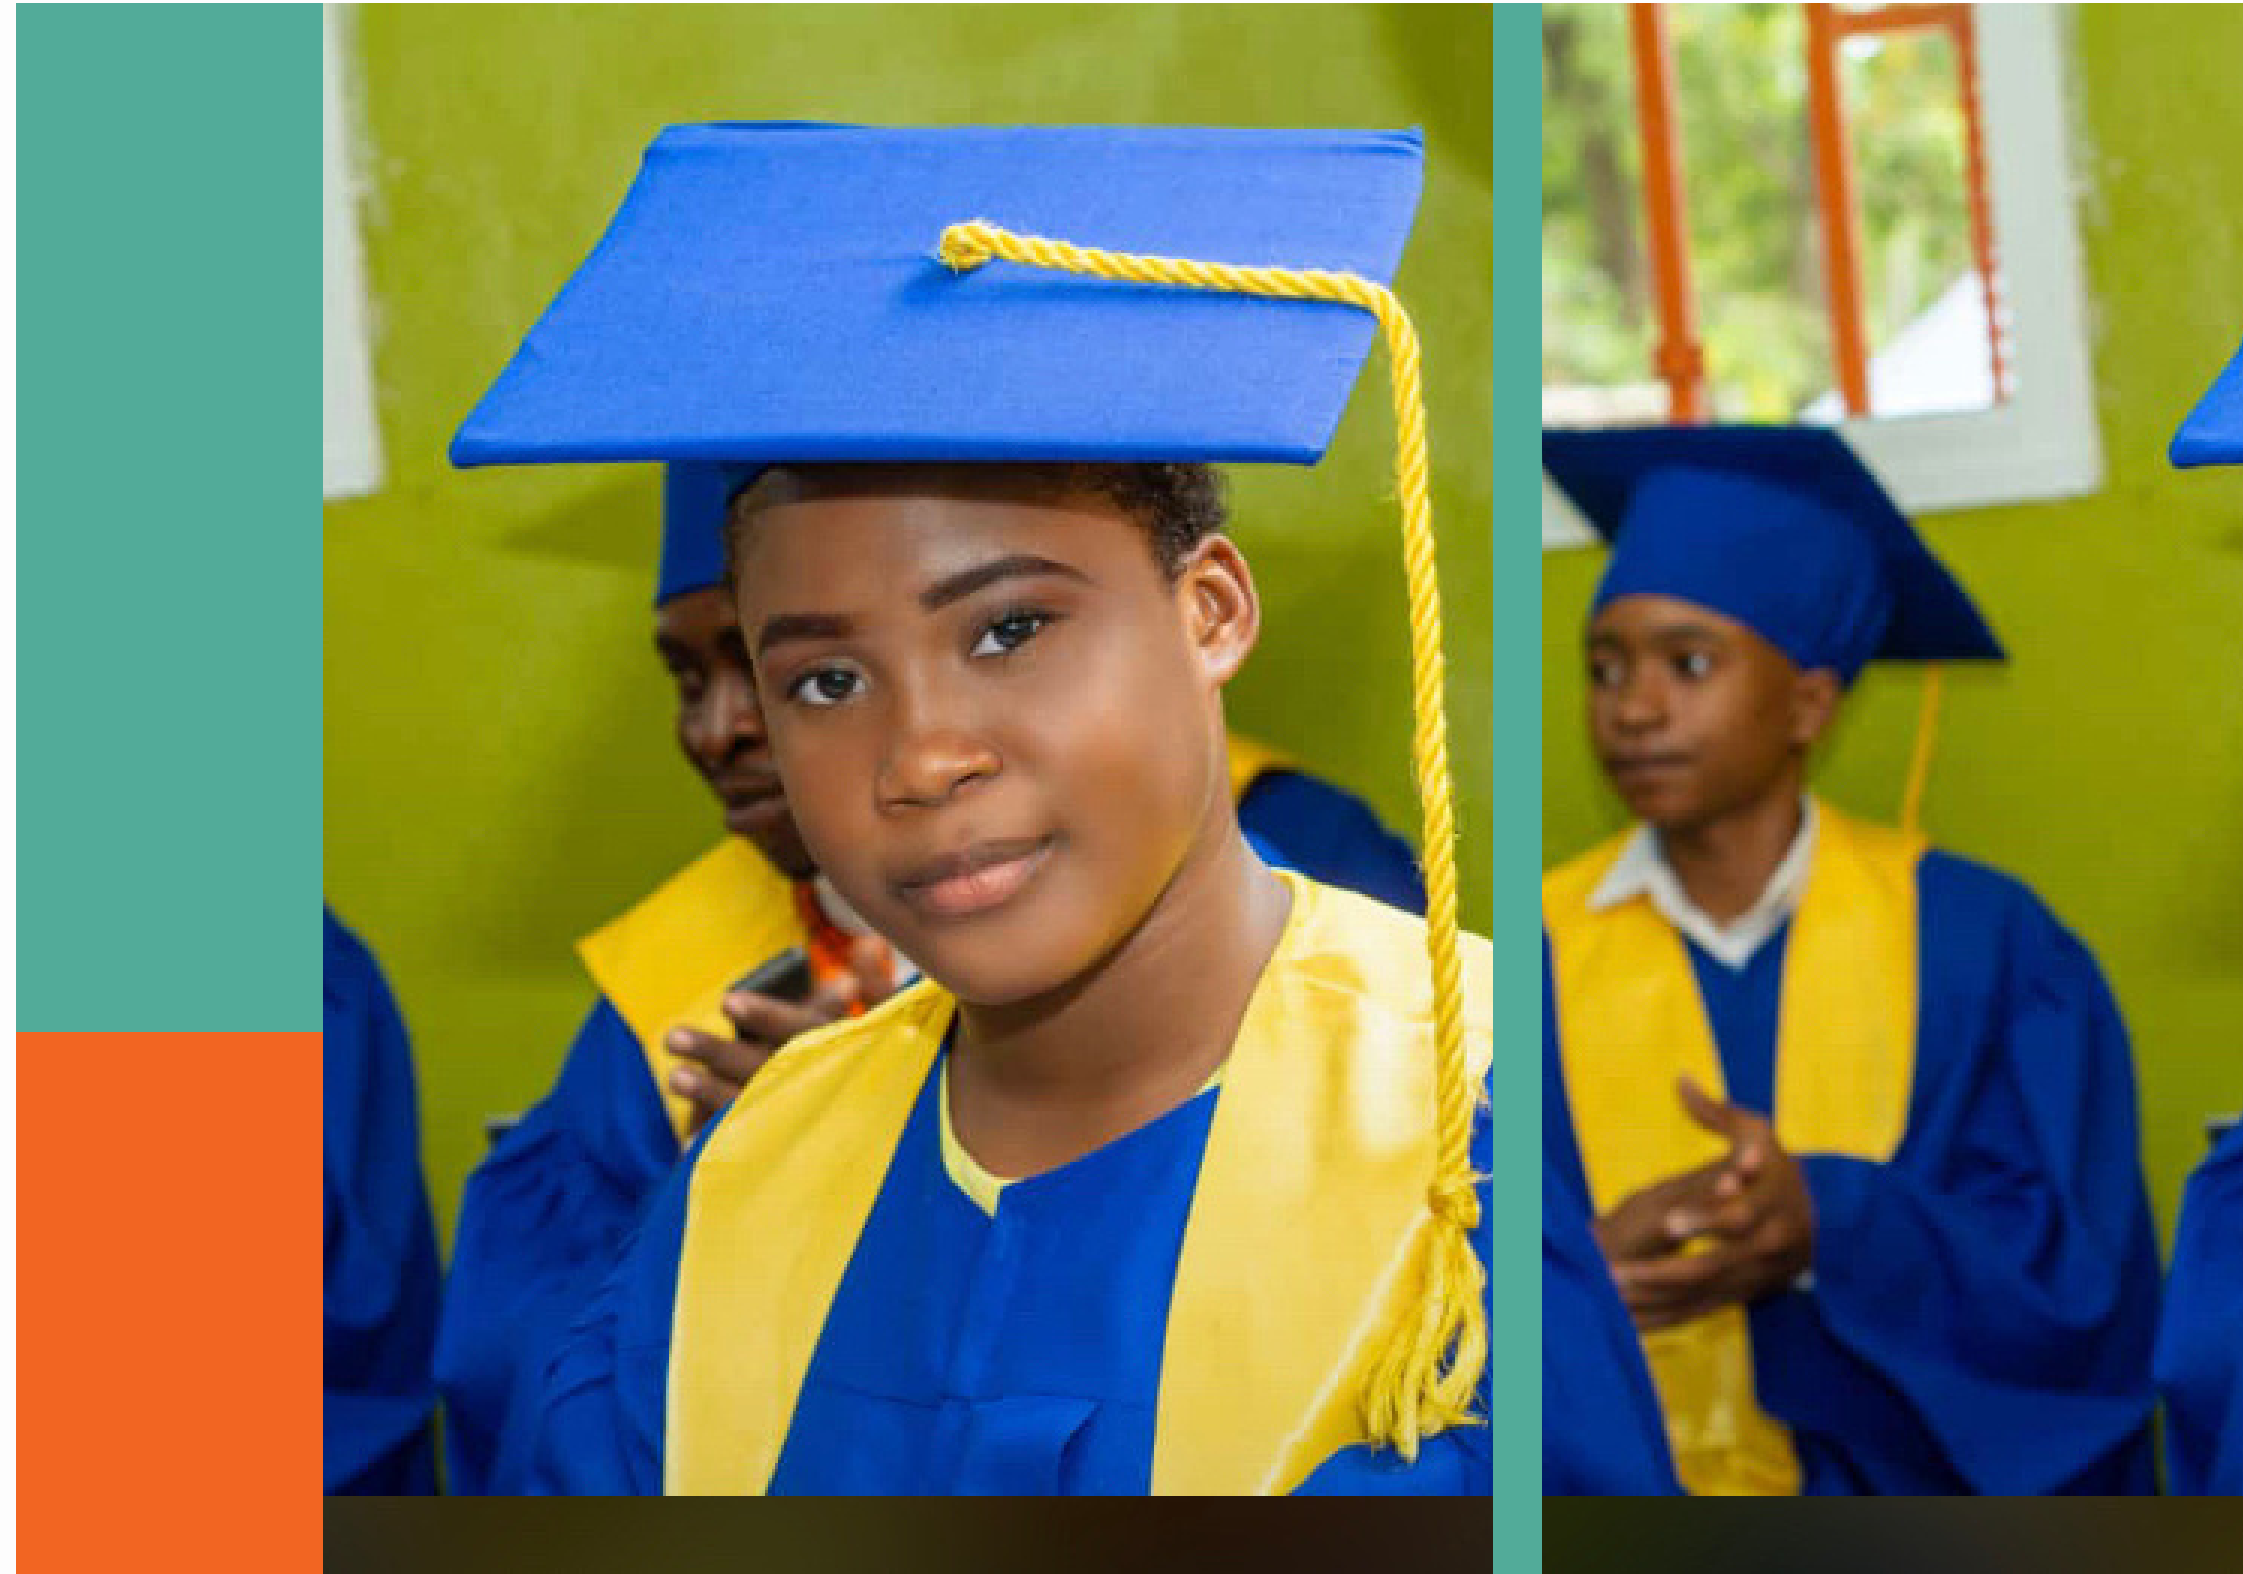

We want to give students of all ages the opportunity to learn from great educators and have access to remote opportunities and ultimately remote work.

# The Problem

***Haiti suffers from an educational mold that does not support any means for growth or change.***

About 80% of teachers are hired without certification with a minimal salary. Becoming a certified teacher in Haiti has requirements by the State, but neither teachers, nor schools follow these requirements because they want to lower a school's overhead.

# Our Project

*We want our teachers to have a better understanding of ESOL and specific teaching methods that enrich the classroom.*

This project supports the funding of 15 teachers' certification in the English Language through a renowned course, Bridge TEFL 120-hour Master program.

# Elevating our Teachers

8-12 Week ESOL Course

Teacher Certifications

Accreditation of our school

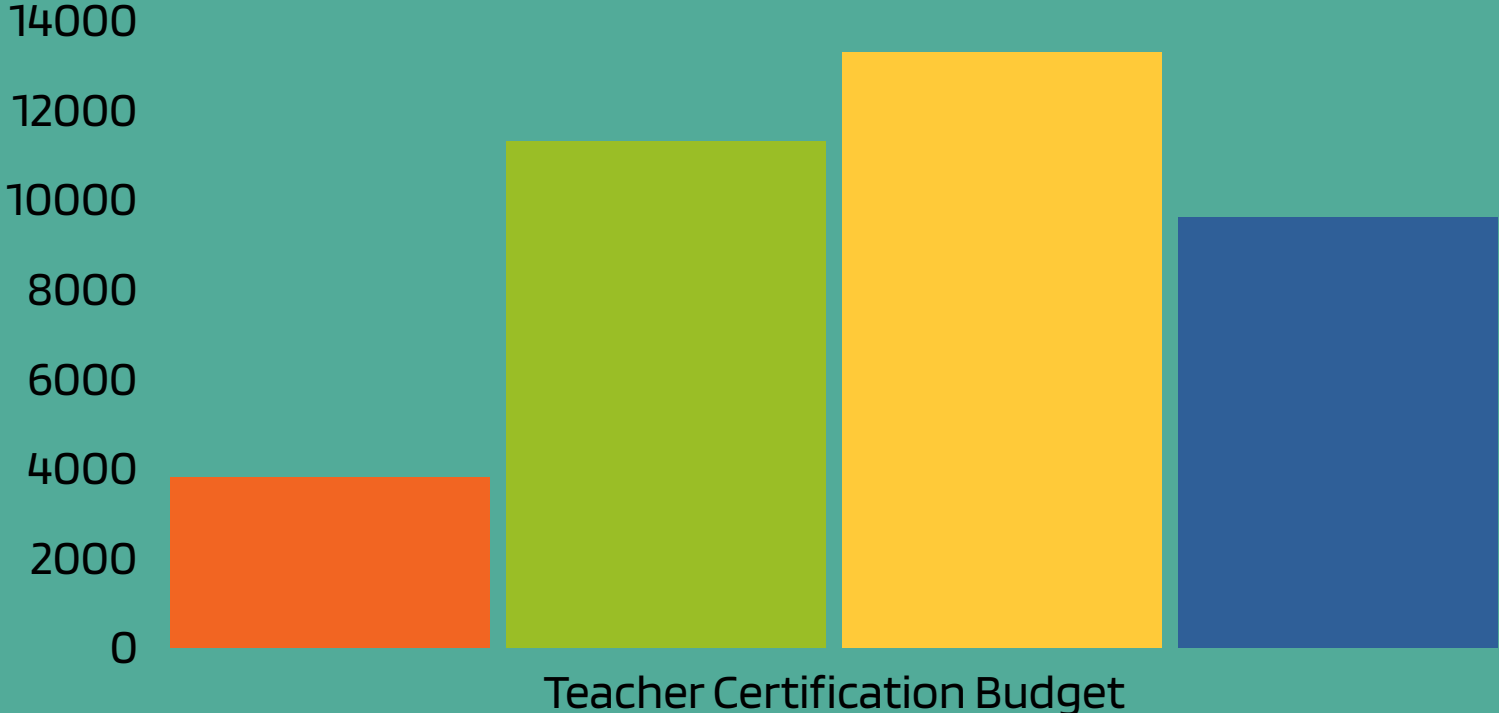

Partnerships like Google Education

# Teacher Certification Budget

Certifying teachers: \$3,810  
Material expenses: \$11,480  
Operational costs: \$13,300  
Meals during training: \$9,600  
**Total Expenses: \$37,940.00**

# The Impact

## School Year

Over 100 students attend English Literacy classes year-round

## Summer Camp

200-350 children attend our Annual Summer Camp

## Graduation

About 10-15 students graduate bi-annually

## Post-Graduation

Over 25 of our students are working after graduation in Haiti, and over 25 attend universities in Port-au-Prince and in the US

1 Year vs 10 Years: 1,000 and beyond 15,000

# Investing in a Movement

After teacher certifications in 2024, our long term fundraising includes

- \$10K School outfitted
- \$100K Local work space built
- \$200K Certifying 75+ teachers within 5 years
- \$500K Sustainable entrepreneurship and remote work programs developed

# Key Partnerships

Our partnerships located in Haiti

Unlocking  
Communities

Watts of Love

Nourish Every Child
