Global Giving Report

Beyond the Classroom: Transforming Lives, One Facilitator at a Time.

When Becky first joined Move The World as a facilitator, she was passionate but uncertain about her career path. Like many young professionals in Ga West, she longed for opportunities to grow, develop new skills, and build a stable future. Our in-service training programs—made possible by you, our incredible donors—provided the support she needed. Today, she stands as a confident leader, empowering students while securing her economic future.

. Education is not just about improving our viewpoints; it also helps us develop as unique individuals, fosters a better society, and encourages us to be responsible citizens.

Move The World

We are deeply grateful for the support of our valued donors. Your support has not only impacted the students we serve but has also uplifted the very individuals who make these programs possible.

Thanks to your generosity, we were able to enhance the skills of our eight staff members, fostering their career development.

we are able to hold consistent team meeting to provide the needed support to our staff and knowledge sharing.

We have consistently excelled in delivering our programs, maintaining a maximum of 12 programs per wave to ensure quality and effectiveness.

We are hopeful that our journey of impact will continue to reap in more success stories.

Yedaase!!
