THE 1ST DANCE WORKSHOP OF VILLA MARÍA DEL TRIUNFO-LIMA

On Saturday, August 24th, our classes began in Santa Ana community in Villa Maria del Triunfo, together with our new volunteers.

In this celebration, a dance workshop was held thanks to our talented dancer and volunteer, Randy Mimbela, who made possible the opening of this new workshop for our children.

INTEGRATION ACTIVITY FOR NEW VOLUNTEERS

Saturday was not just about the dance workshop; we also had the opportunity to meet our interns from Universidad Privada del Norte. Each intern excels in dancing, singing and crafts, skills that will contribute significantly to our Butterfly project.

In addition, we are happy to announce that our children's personalized tutoring program began on Monday 26th, classes that will reinforce the communication and math knowledge of our beneficiary children.

WORKSHOPS

HEALTH AND NUTRITION WORKSHOPS

In Casa Ainbo, Iquitos we were able to offer the community a talk about health and nutrition.

We had the participation and collaboration of 2 professionals from the National University of the Peruvian Amazon.

They donated us some lancets, hemoglobin tests and microcubes; and also lent us a measuring rod and scales for the weight and height of our children.

This workshop was attended by several families from the community of Belen, where we work. Adults were tested for glucose and 22 children were tested for hemoglobin.

MOVIE NIGHT

On August 13th, the most awaited event for our children took place- "Movie Night" at Casa Ainbo. This was possible thanks to the purchase, made in May, of a movie projector. Our event started at 5:00 pm and ended at 8:30 pm.

Our volunteers were in charge of making and distributing popcorn and chicha morada(local drink) to the general public.

Many thanks to all our volunteers and teachers who made possible this beautiful activity that brought joy to many families in Belen.

BOOK COLLECTION

This year in our Christmas Smiles Project we will give each child a book and a toy. The goal is to reach 500 books and 500 toys. We started this collection in June, during these 3 months we have collected so far 154 brand new books.

(We have also received some used books which we have sent to the library that we have at the Villa Maria project as well as at the Iquitos project).

Until now, friends like Kasia, Kristen, Laurel, Margaret, Tony, have made possible this. We are sure, we will reach the goal.

GLOBALGIVING DONATIONS

On the July 10th campaign we received donations totaling \$1865 through Globalgiving platform. Thanks to our benefactors: Bronagh M., David M., Catherine M., and Karin N. Globalgiving delivered the money on the third week of August.

With the money raised we have been able and will be able to:

- 1º Rent an additional area for the Science, English and Art classes for the children of Iquitos (We will be implementing it in the first half of September).
- 2º Improve the library area for the children.
- 3º We will paint some areas that were already deteriorated.
- 4º For the children of Villa Maria, in Lima we have purchased projector and two computers.
- 5º We were also able to buy robotics books for the science classes and books for the math classes.

Thank you very much, on behalf of the little ones.
