MEETING WITH PARENTS

On Wednesday, September 18, we had a first-time meeting with nearly 40 parents from 14 different soup kitchens in Villa María del Triunfo, Lima.

They learned about our Butterfly program, which offers English classes and reinforcement in Communication and Maths for children. They were grateful for our educational proposal and committed on working for the education of their children.

SECOND DANCE WORKSHOP IN VILLA MARÍA

On the second week of September we had our second dance workshop with our teacher Randy Mimbela. This time we had 18 children, who had fun dancing different traditional dances such as festejos, caporales, Tunanda, Chatchas and Cañeros de San Jacinto.

WORKSHOPS

MAKING MINI CHEFS

On September 7th, we had our first Mini Chef workshop at Casa Ainbo, where our children and volunteers prepared a delicious "causa rellena", one of the most recognized dishes of our Peruvian cuisine.

ORAL HYGIENE- HAPPY TEETH

On Saturday, September 21, we held a dental hygiene workshop for our children at Casa Ainbo, Iquitos. In this activity, we also talked about the importance of good dental care and good brushing.

This important talk was given thanks to the help of two dentists from the "Universidad Nacional de la Amazonía", who provided a dental check to our children.

NEW CLASSROOM IN CASA AINBO

Thanks to David Machin's donation we were able to rent a new space for the children's classes and with the help received from Catherine and Bronagh Moore we were able to paint and set up this classroom. Here the children will be able to enjoy artistic activities, workshops such as Minichief and science and math classes.

Our volunteers and teachers filled this space with life and color, reflecting the richness of our Amazon forest and creating unforgettable memories.

THANKS TO VOLUNTEERS

BIG THANKS TO OUR VOLUNTEERS FOR THEIR SUPPORT IN CREATING THE NEW CLASSROOM AT CASA AINBO, AN EDUCATIONAL AND JOYFUL SPACE FOR IQUITOS!

A VOLUNTEER TESTIMONY

"HI, MY NAME IS MARIAN. WORKING AT CASA AINBO WITH THE CHILDREN HAS BEEN A WONDERFUL EXPERIENCE. THEY ARE ALL ADORABLE, EAGER TO LEARN AND VERY CURIOUS.

I TAKE WITH ME IN MY HEART A FAMILY THAT HAS MADE ME FEEL AT HOME"

MARIAN SANCHEZ QUESADA

WE WILL SOON HAVE A STRONGER AND FASTER INTERNET CONNECTION!

Thanks to Mr. David Machin's generous donation, our children will now be able to enjoy their computer classes with a better internet quality.

A VISIT TO EMANUEL SCHOOL

On September 19th, we visited Colegio (school) Emanuel to raise awareness about the problem of forest fires and drought in Peru.

With a fun English class and games, the children decorated a time capsule and wrote letters imagining what nature will be like in 10 years. Their messages were a powerful call to protect our future.

Thanks to our volunteers: Zuza, Alkira, Crea, James, Marian and Renzo, for their incredible support in this activity.
