

ABOUT US

The Dar Zhor Organization is governed by the provisions of the Decree No. 1-58_376 of 3 Joumada I 1378 (November 15, 1958), regulating the rights of associations. It is a non-profit social enterprise whose services are accessible to everyone, free of charge. We welcome women, men, and their loved ones during and after cancer treatments, regardless of the stage of the disease, except end of life.

OUR GOVERNANCE MODEL, INTERNAL CONTROL :

In accordance with its statutes, the organization has a General Assembly which meets once a year and a Board of Directors which meets at least three times a year. It consists of founding members, active members, and honorary members. The organization complies with national accounting rules.

OUR MISSION

The DAR ZHOR organization accompanies patients throughout their treatment and post-cancer period. It promotes the concept of therapeutic alliance between caregivers and patients and encourages any educational and informative actions aimed at healthcare professionals, patients and their caregivers.

OUR PROJECT

The DAR ZHOR organization coordinates, develops, and implements a support care pathway by offering workshops and individual sessions, ranging from psychological support to tailored physical therapies and well-being care. The assistance provided by the organization in no way replaces conventional cancer treatments or existing healthcare structures, which fall within their purview. It is part of an integrative medicine process. The DAR ZHOR organization accompanies patients throughout their treatment and post-cancer period. It promotes the concept of therapeutic alliance between caregivers and patients and encourages any educational and informative actions aimed at healthcare professionals, patients and their caregivers.

OUR VALUES

KINDNESS

SOLIDARITY

HUMANISM

LOVE OF LIFE

OUR OBJECTIVES

- To contribute to the comprehensive care of cancer patients, outside of medical care facilities, based on the principle of integrative medicine.
- To improve the quality of life for patients and their loved ones.
- To reduce the risk of recurrence and increase the chances of recovery.
- To offer an approach centered on the needs of each patient, taking into account all dimensions of their being, in order to mobilize their resources and enable them to rebuild themselves.
- To support the patient in maintaining social connections both in their family and professional or societal environment.

ACTIVITIES AND WORKSHOPS

Psychotherapeutic Support Program: Support groups based on emotional expression, support, and solidarity. Art therapy workshops, sophrology workshops, and individual sessions of hypnosis, psychological support, and coaching.

Adapted physical therapies: Yoga, Qi Gong, Tai Chi, Tenchi Tessen, Dance. Physical activity improves tolerance to treatments and reduces the risk of relapse.

Nutrition Workshops - Well-being Program: Oncology aesthetics, reflexology, Reiki.

Therapeutic Education: Information workshops / Webinars / Publications on social media.
