| Project Report             | <p>The Global Community Organization's "Maternal and Child Nutrition in Char land, Bangladesh" project, initiated by the organization in collaboration with Char land, is working to improve and promote Char health. The main goal of this project is to reduce malnutrition and ensure maternal and child health.</p> <p><b>Project work:</b></p> <ul style="list-style-type: none"> <li>• We are provided with correct and health-related knowledge to the family through Outreach Plus.</li> <li>• Promoting health by communicating with them about balanced diet and how it affects child and maternal health, and explaining in detail how it affects child and maternal health.</li> <li>• As part of the project, <b>05</b> families were immediately distributed nutritious food packs, which helped meet their urgent food needs.</li> </ul> <p>Through this initiative, I do not just want to know about the discussion, but also gain the ability to provide hygiene for their own children and family members. The project plays an important role in ensuring the health of the people of Char.</p> |  |  |
