

## “Bangladesh 2023-2025 One Tree For One Child”

### ACHIEVEMENT-PHOTOGRAPHY

We express our deepest gratitude for the opportunity to collaborate with you. Working with One Tree Planted has enabled GCO to participate in various seminars, conferences, and training workshops at both national and international levels. This invaluable experience would not have been possible without our partnership with One Tree Planted.

#### PREPARATIONS FOR SEEDLING PRODUCTION IN THE NURSERY UNDERWAY

The Global Community Organization actively plants trees to combat climate change, with seedlings nurtured in dedicated nurseries. Proper nursery maintenance and new seedling cultivation are essential to sustain these efforts. Accordingly, the nursery is being diligently managed to support future tree-planting activities, ensuring a continuous contribution to environmental restoration and climate resilience.

#### ONE TREE FOR ONE CHILD

The "One Tree for One Child" project fosters environmental awareness among children by encouraging tree planting. Its primary goal is to instill a deep love for nature and a strong sense of responsibility toward environmental preservation. By involving children in this initiative, the project nurtures a lifelong commitment to sustainability, promoting greener communities and a healthier planet for future generations.

## ABALAMBAN-SELF RELIANCE

Under the "One Child, One Tree" project, fruit gardens are being established for vulnerable families among the children receiving trees. This initiative aims to empower these families by promoting self-reliance, improving their nutrition, and enhancing their economic stability.

## SAFE LIFE FROM THUNDERSTORM WITH PLANTS

The Safe Program Lightning Protection is a unique initiative focused on planting palm trees to mitigate lightning risks while promoting eco-friendly agricultural development. Designed for sustainability, the palm trees not only serve as natural lightning rods but also provide a cost-effective, environmentally friendly, and reliable safety system, ensuring protection and sustainable benefits for local communities.

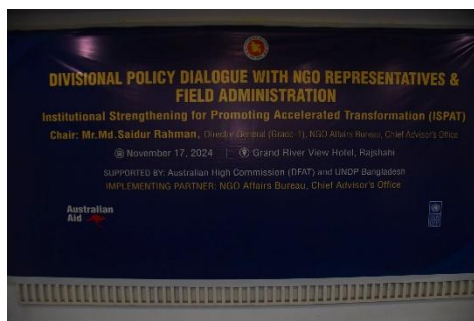

## ONE TREE FOR ONE STUDENT

The concept of One Tree For One Student brings us a deep environmental and educational message. It is not just a tree planting initiative, but an educational effort, which makes students aware of the importance of environmental responsibility, respect for nature, and sustainable development.

## INSTITUTIONAL STRENGTHENING FOR PROMOTING ACCELERATED TRANSFORMATION (ISPAT)

**DIVISIONAL POLICY DIALOGUE WITH NGO REPRESENTATIVES & FIELD ADMINISTRATION.** Institutional Strengthening for Promoting Accelerated Transformation (ISPAT)

Chair: Mr.Md. Saidur Rahman, Director General (Grade-1), NGO Affairs Bureau, Chief Advisor's Office

## TRAINING ON EFFECTIVE BUSINESS PLANNING AND NURSERY CREATION AND MAINTENANCE

Effective business planning and training on nursery creation and maintenance is an important initiative, which can be helpful for new entrepreneurs or people involved in agriculture and nurseries. Hence the training program provides detailed discussion to the participants about nursery establishment, maintenance and its business aspects.

## WORLD ENVIRONMENT DAY

World Environment Day is celebrated every year on June 5 and is recognized as an awareness day for the purpose of protecting the global environment. The United Nations started celebrating this day from the first environmental conference held in Stockholm in 1972. The main objective of World Environment Day is to create awareness among the public to keep the earth healthy and livable and to call for united action to ensure the protection of the environment.

**SEMINAR ON STRATEGIC PLANNING FOR BUILDING ORGANIZATIONS AT THE NATIONAL LEVEL**

The seminar on strategic planning of organization at national level is a very important topic, which can be helpful in increasing the efficiency and effectiveness of organizations for the realization of larger objectives. Through the seminar, the participants were discussed in detail about all the volunteers and establishment plans, strategic aspects and other important issues.
