

# LIFESONG HALFWAY HOUSE FOR BOYS

## ABOUT US

Every boy has a story, a hidden treasure waiting to shine. At Lifesong Halfway House, we're not just a facility, we are a family. We extend our hands to hold theirs, guiding them from shadows of their past into a future that is filled with infinite promise.

## OUR PROGRAMS

### Housing Program:

Imagine being lost, then finding a place that feels like home. Our Halfway House is that sanctuary for boys in transition, guiding them step-by-step back into the warm embrace of society.

### Capacity Building:

Using Coaching, Mentoring, Experiential Activities (hikes, camping, etc) to empower boys to gain confidence, courage and the resilience they need to thrive in life.

### Aftercare Support:

Recovering from stigma, trauma and addictions can be tough without the right care and support. Our Halfway House provides a safe space for healing, reconciliation and restoration that enables clients to get back on their feet.

## OUR VISION

We dream of a world where every boy walks alongside girls, where they complement and uplift one another, building communities of love, respect, and understanding.

## LENGTH OF STAY

Clients stay at our Halfway House for 90 days (3 months), which requires sponsorship of Kes. 5,000/\$50 (subject to changes) per month to cater for expenses.

## HOW TO SUPPORT

While our home can shelter 14 boys, our heart aches knowing we lack the means to offer many of them the transitional support they desperately need. Every coin, every donation, becomes a beacon of hope for them.

## PAYMENT DETAILS

MPesa Paybill: 574329 | Account: Lifesong
