

MaSe Foundation Uganda

Food Basket 2025

We are excited to share our heartfelt gratitude for your continued support. Every Christmas season — a time of love, gratitude, and giving — we at Stichting MaSe Foundation can reach out to poor families in Uganda with our annual Christmas Food Basket Program.

Thanks to your generosity, what began as a small act of kindness has grown into a meaningful tradition of hope. Each year, we see the smiles of mothers, fathers, and children who would otherwise face Christmas with empty tables and heavy hearts. Your contribution provides not just a meal, but a rare blessing — a reminder that they are seen, loved, and not forgotten.

This year, we are determined to reach even more families and share the warmth of the season with those who need it most. We look forward to sharing with you, photos from this year's food distribution, showing the direct impact of your giving.

Your continued support fills tables with food, hearts with joy, and communities with renewed faith. Every contribution — no matter the amount — truly makes a difference.

Thank you for standing with us and for being part of this mission of compassion and hope. Together, we are spreading love one basket at a time.
