Hope and Joy on a Plate Project October 2026 Progress Report

On behalf of MaSe Foundation Uganda, we would like to express our gratitude for your continued support towards the Hope and Joy on a Plate project in Uganda. Your commitment to supporting vulnerable children and families in our community continues to make a meaningful difference in the lives of those who need it most.

Some of the children we support at school.

The months of May through September 2026 were particularly challenging for many communities in Uganda, including the children and families we serve. During this period, the region experienced a prolonged drought that significantly affected food production and access to clean water. Many crops dried up due to insufficient rainfall, leaving households struggling to secure enough food for their daily needs. Water scarcity also became a serious concern, forcing many children to walk long distances in search of water for domestic use.

Dry coffee and banana plantation due to drought

The combination of prolonged drought, food shortages, and limited access to safe water placed an additional burden on already vulnerable households. For many children, the situation increased the risk of hunger and malnutrition, while families struggled to meet even their most basic needs. These circumstances highlighted the urgent need for continued assistance and community support.

Thanks to your generosity, MaSe Foundation Uganda was able to provide food assistance to many children facing hunger and hardship during this difficult period. Your support helped bring relief to families who were struggling to put food on the table and offered hope during a time of considerable uncertainty.

Some of the supported children eating together.

As we move forward, MaSe Foundation Uganda remains committed to monitoring the situation and identifying children and families who require urgent assistance. We will continue doing our best to provide food support and respond to the needs of the most vulnerable, while keeping our donors and partners informed about developments and progress in the community.

Thank you for being part of the Hope and Joy on a Plate project. We look forward to your continued partnership as we work toward a future in which every child has access to adequate food and the opportunity to thrive.
