YOUR GUIDE TO

#CHANGINGBANGLADESH

THANK YOU!

For joining us

We at OBHIZATRIK School welcome you in our endeavour to change Bangladesh. Thank you for engaging with us to support underprivileged children and improve their lives. A report published by ADB in 2019 reveals that approximately 20.5% population of Bangladesh live below the poverty line. Since the COVID-19 pandemic struck, the number of new poor increased by 3,24,00,000 through out the country. The grasps of poverty are severe and people living below the poverty line lead harsh lives. Children are most vulnerable to poverty as they fall prey to violation of basic rights, abuse and extreme disparity.

Child Sponsorship program is a fruitful way to bring about positive change in the lives of underprivileged children. Sponsorships are utilized to ensure long-term developmental goals for these children so that they can grow to be responsible, self dependent citizens of the country. By taking part in this program you will effectively contribute to bring hopes to the lives of many underprivileged children.

This handbook, a publication by OBHIZATRIK School, will act as your guide to help underprivileged children overcome their socio-economic insufficiencies in the long run. Your interest to learn about the Child Sponsorship program and contribute in it is warmly appreciated by us. Thank you for this kind gesture to engage with OBHIZATRIK School and be part of *changing Bangladesh*.

OUR JOURNEY

OBHIZATRIK School

OBHIZATRIK School is a sustainable project of OBHIZATRIK Foundation. The project began in 2013 with a view to providing full-free quality education to the underprivileged children of Bangladesh. Education in Bangladesh is expensive, thus a vast majority of children living below the poverty line are unable to afford education. OBHIZATRIK School aims to provide free education to underprivileged children so that they can escape poverty in the long run and establish themselves as educated, financially solvent citizens of Bangladesh.

“ *The school provides full free quality education, learning accessories and food support to underprivileged children of Bangladesh.* ”

OBHIZATRIK School started its journey through the funding of OBHIZATRIK Foundation. But through time, we have acquired the support of many valuable donors who contribute to our cause regularly. Currently, OBHIZATRIK School provides education to 600 students approximately, in three campuses in Mirpur and Rayerbazaar in Dhaka and Char Lata in Patuakhali. The students' education and well-being are facilitated by the valuable donations of many contributors and sponsors across and beyond Bangladesh.

HOW IT WORKS

Child Sponsorship

Child Sponsorship in OBHIZATRIK Foundation encompasses all possible options for the overall development of underprivileged children. Our multimodal sponsorship program ensures that any underprivileged child can enjoy the privileges that an ordinary child enjoys. Any interested sponsor can choose a donation scheme of their liking and donate accordingly. We accept contribution on both short-term and long-term basis. This gives the sponsors freedom to commit to OBHIZATRIK'S Child Sponsorship for any duration they desire. Sponsorship programs cover 5 major criteria which helps make a positive impact in the lives of underprivileged children. These are: *sponsorship in Education, Nutrition, Health, Skills training and Co-curricular activities.*
