

Education, Livelihoods, and Young Entrepreneurship in the Caribbean

## Children Change Colombia

#### About us

Children Change Colombia is the UK's largest charity working exclusively in Colombia, with over 30 years of experience. We believe that, with the appropriate support, Colombia's children can claim their right to live safely and in peace and demand that the adults responsible for protecting their rights do so – in this way, children can change Colombia

#### Our aims

Defend children's rights

Tackle neglected issues

Strengthen children's organizations

#### Issue

Access to education and lack of job opportunities

## Target group

Young people in conditions of poverty and vulnerability. Special attention on the inclusion of gender and ethnic minorities.

### Location

Colombian Caribbean Coast: (Magdalena)

#### **Duration**

12 months (January 2025- December 2025)

## Objective:

The project seeks to educate and motivate both students and teachers from educational institutions on the Caribbean Coast. It encourages their development of professional and personal skills that will allow them to improve their academic and professional performance, reach their goals and break the cycles of poverty and improve their livelihood. The project involves the design and implementation of extracurricular activities of applied formation, entrepreneurial project development, and livelihood improvement.

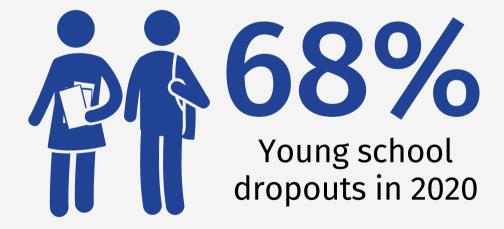

# 

In La Guajira, 29 out of every 100 students finish secondary education and only five of them go to university.

Fuente: DANE 2019

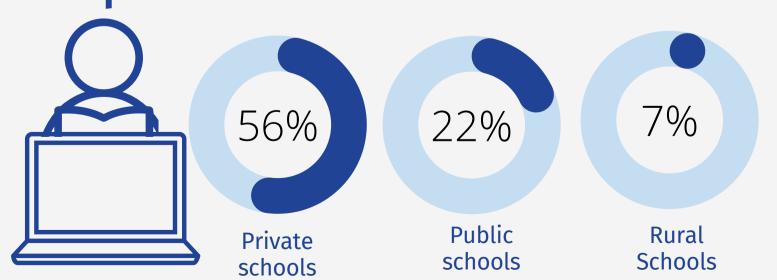

In the department of Magdalena, almost 77% of the educational service happens in rural areas, where connectivity is low to none.

In 2020, 68% of young people between 17 and 20 years old in rural areas dropped out of school.

#### **Computer access with internet**

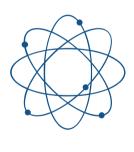

8/10

8 out of 10 official establishments in the Caribbean region are located in areas where the lowest educational performance is registered.

# Entrepreneurship workshop with Rebel Business

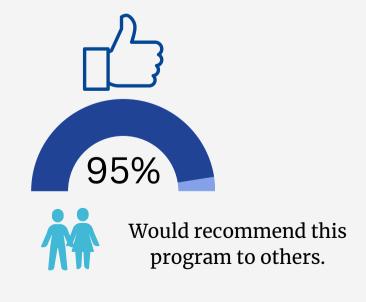

2-5 June

The participants learned about financial education, savings planning, product costing, marketing, digital marketing (knowledge and creation of their enterprise on social media), creating their own webpage, soft skills and logo design, among other skills. These activities were developed with the guidance of entrepreneurial professionals from Bogotá.

## **Case Study**

Mi nombre es Keiner Calderón, soy de la Sierra Nevada de Santa Marta y estudio en la Institución Educativa Distrital de La Tagua. Soy uno de los participantes del proyecto REBEL junto a la Misión Gaia, que se llevó a cabo en Tigrera-Minca.

Este programa ha tenido un impacto significativo en mí, ya que he aprendido muchas cosas fundamentales y prácticas. Por ejemplo, he descubierto que no se necesita dinero para emprender.

Gracias al proyecto y las diferentes actividades que realizamos durante los 4 días, en tan solo 2 noches pude realizar 7 ventas de mi producto de café orgánico al 80% y café descafeinado.
