1. Project to support education for vulnerable people

During this quarter, we provided financial support to cover the children's school fees for the final term of the 2025–2026 academic year. In addition, we distributed school kits to the children to support their preparation for the new 2026–2027 academic year.

The children demonstrated encouraging academic performance throughout the year. 85% of the children completed the school year with satisfactory results, while 15% achieved distinction-level results. We are pleased to report that no school failures were recorded during the 2025–2026 academic year.

These results reflect the children's commitment to their education, as well as the continued support provided by the program. The school kits distributed for the new academic year will help ensure that the children have the basic materials they need to begin their studies in good conditions.
