

# Advancing Health Equity The Impact of the Global Giving Community on Fundación Huésped's Mission

# Summary

This quarter, Fundación Huésped celebrates **36 years of unwavering commitment to health and rights.** Thanks to the Global Giving community, we've deepened our impact—from reaching over 5 million people through a massive World AIDS Day campaign with top streaming partners to providing more than 3,400 free health, legal, and educational services. This report highlights how **collective solidarity continues to turn local challenges into life-saving access and community empowerment.**

# Our Impact

- Between October and January, we conducted **1,673 free tests** for HIV and other STIs, maintaining a consistent presence both at our health center and through strategic community outreach.
- Our **legal team** provided expert guidance and support to **1,540** individuals, ensuring that barriers to health and discrimination are addressed through professional counseling.

# Our Impact

- We provided specialized **psychological care** to **195** people, offering a safe space for emotional support and mental health wellness.
- In the last quarter of the year, **146** people participated in our **educational programs**, strengthening the reach of comprehensive sexual education.

## Recent Key Activities

For the first time, we participated in the **Buenos Aires Pride Parade** with a **dedicated float**. This initiative, supported by various artists, served as a powerful awareness tool, celebrating diversity while channeling visibility directly into our health services.

# Recent Key Activities

To commemorate **World AIDS Day**, we partnered with OLGA, one of Argentina's largest streaming platforms, for a massive awareness broadcast. Our overall campaign reached over **5 million people** across traditional media, digital platforms, and social networks. On that day alone, we conducted **127 free HIV tests** in public spaces, bringing diagnosis directly to the community.

As we celebrate our **36th anniversary**, we look back with pride on how far we have come and look forward with determination. This milestone is a testament to the collective power of solidarity that continues to guarantee healthcare as a fundamental right for all—a mission that **is only possible thanks to your unwavering support through Global Giving**, which transforms every contribution into the essential care and dignity that our community deserves.

# Thank you!
